| Critical Incident Testing  

a. The Department will require alcohol and drug testing after the following incidents:

1. A firearms discharge on duty, during enforcement action or involving a Department weapon, which results in human injury or death;
2. A fleet accident in which the employee injures another to the point of causing a life threatening injury or death;
3. An event in which a commissioned employee while performing a law enforcement function injures another to the point causing a life threatening injury or death;
4. An on duty event in which a non-commissioned employee injures another to the point causing a life threatening injury or death.

b. The collection procedure for Critical Incident testing will be the same as that used in For Cause testing except that form HR-177, Critical Incident Alcohol/Drug Testing Order, will be used.

c. Nothing in this section should be construed as a limit on the Department’s ability to order the testing of other employees or on other occasions where testing is warranted under the circumstances and such testing is in compliance with applicable law.
