LAW ENFORCEMENT PERSONNEL

LAW ENFORCEMENT PERSONNEL

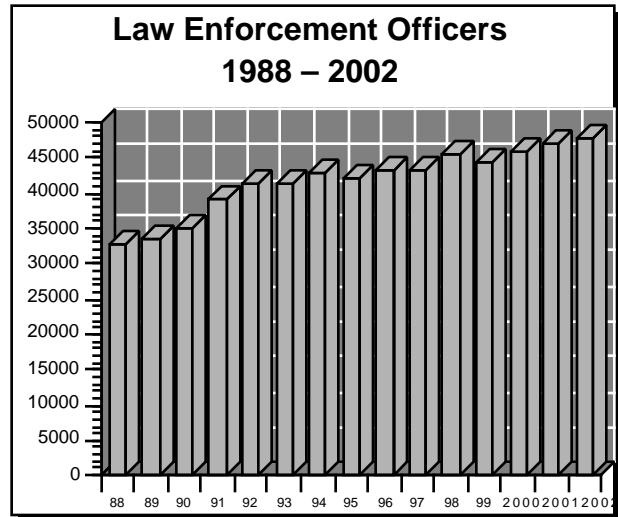

LAW ENFORCEMENT PERSONNEL DATA

The Texas Uniform Crime Reporting program collects pertinent data relating to the police agencies of the state. Information regarding law enforcement employee strength, employment trends, law officers assaulted or killed in the line of duty is discussed in this section.

Commissioned Personnel

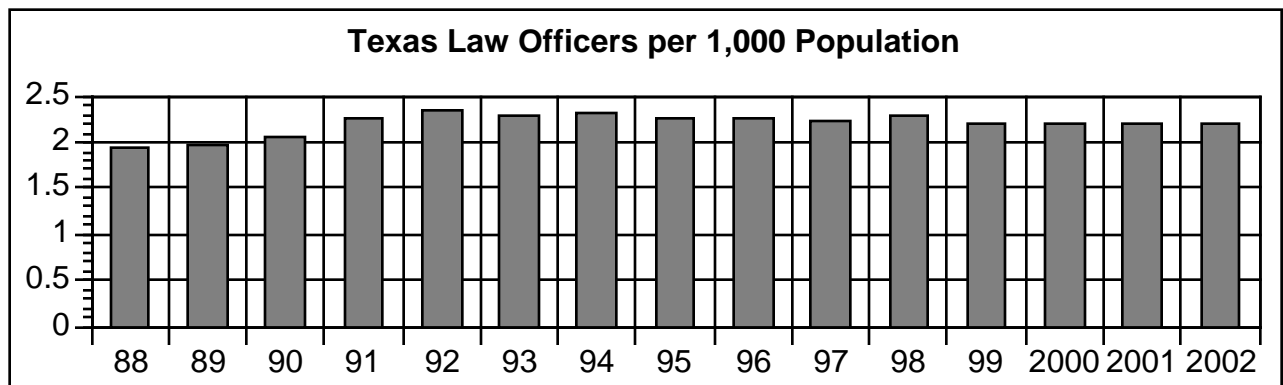

Texas' law enforcement community employed 47,725 full-time sworn officers as of October 31, 2002. The average number of officers for every 1,000 inhabitants of Texas was 2.19. The ratio of law enforcement officers to inhabitants decreased 0.9 percent from 2001.

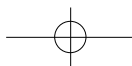

Civilian Employees

The 967 Texas agencies that reported law enforcement employee data employed 29,754 civilian workers. Civilian employment has increased 5 percent over 2001 and now makes up 38 percent of the Texas law enforcement work force.

LAW ENFORCEMENT OFFICERS ASSAULTED

The death or assault of a law enforcement officer seriously impacts the feeling of security in society. As the possibility of being assaulted may discourage persons from considering law enforcement careers, attacks on police officers reduce their ability to combat crime. As such, violence towards police equals violence towards society.

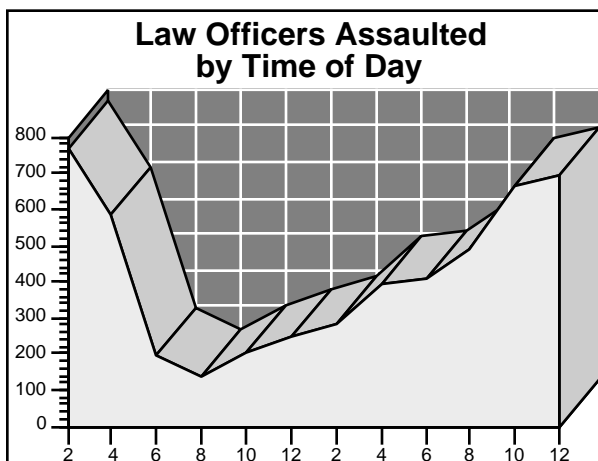

In 2002, 5,075 Texas Law Officers were assaulted in the line of duty. The number of officers assaulted increased 2.8 percent over the number of assaults in 2001. Assaults resulted in injury to the officer in 35 percent of the cases and 94 percent of the assaults were cleared.
