

Nineteenth Report Examining Reporting Compliance to the Texas Computerized Criminal History System

**Texas Department of Public Safety
January 2021**

Introduction

INTRODUCTION

Statutory Requirement

Article 66.353, Code of Criminal Procedure (CCP), requires the Texas Dept. of Public Safety (DPS):

- To monitor the submission of arrest and disposition information by local jurisdictions;
- To annually submit a report regarding the level of reporting by local jurisdictions to the Legislative Budget Board, the Governor, the State Auditor, and the standing committees in the senate and house of representatives that have primary jurisdiction over criminal justice, and;
- To identify the local jurisdictions that do not report or that partially report information.

As described in more detail below, this present document:

- *2019 CCH Dispositions Associated with Reported Charges for both adult and juveniles.*
- *Updates Ten Year History of Arrest Reports to CCH for both adult and juveniles.*

REPORTS OF COMPLIANCE

The following reports are included in this document:

2019 CCH DISPOSITIONS ASSOCIATED WITH REPORTED CHARGES

This report summarizes all the dispositions reported to the CCH file that are associated with previously reported charges. The "Total Charges Reported" column includes those charges originated by the arresting agency and those added by the prosecutor. The "Disposition Completeness Percentage" column represents the percentage of charges that were reported to the DPS as having been brought against persons in the county - either through the arresting agency or the prosecutor - that were subsequently disposed, either by the prosecutor or by the court. The statewide disposition reporting completeness rate for 2019 adult arrests is 64% and for juvenile arrests is 86%.

The charges included in this report were all originated by the arresting agency or the prosecutor from arrests that occurred in the year 2019. The report includes the disposition data reported as of January 2021. While these charges have had more than a year to process through the courts, it is still likely that some charges are not yet disposed within the counties, and therefore do not show as disposed in this report. A detailed version of this report is being used by the DPS field auditors to work with prosecutors and courts to determine where disposition reporting can be improved.

FIVE YEAR AVERAGE COMPLETENESS REPORT

This report summarizes a five year average of all the dispositions reported to the CCH file that are associated with previously reported charges. The methodology utilized to compute the individual years used in the 5 year average is the same as is used to compute a county's yearly compliance rate contained in the main section of the report. Eligibility for certain types of grant funding is based on a county having a five year average, equal to or exceeding, 90% completeness for both adult and juvenile dispositions. The reporting years utilized by the 5 year average completeness report will be shifted forward each grant year. (i.e. The eligibility in 2021 will be based off the five year average for calendar years 2015-2019, in 2022, eligibility will be based on the average for 2016-2020.)

A TEN-YEAR HISTORY OF ARREST REPORTS TO CCH

It is not possible to make data comparisons between FBI Uniform Crime Reports (UCR) arrest figures and arrests that appear in the Computerized Criminal History (CCH) database. The key differences between the two are:

- Voluntary versus mandatory. UCR is a voluntary data collection program, capturing data on the number of arrests that have occurred within the reporting law enforcement agency's jurisdiction. By contrast, agencies are required, by statute, to submit arrest data for their agency to the Department's Computerized Criminal History (CCH) database. Chapter 66 Code of Criminal Procedure outlines the requirements and procedures for reporting.
- Differences in reporting. UCR arrest data is limited and varies depending on the reporting methodology employed by the agency. Summary Reporting (SRS) agencies report only a single offense from an arrest event, regardless of how many offenses the individual is being charged with. Incident Based Reporting (IBR) agencies report all offenses that occurred within the incident.
- Differences in the data. UCR arrest data focuses on the collection of arrest data for a limited number of offenses designated to be reported by the FBI. SRS agencies report on ten index offenses and twenty part two crimes. IBR agencies report on fifty two offenses plus an additional ten offenses in which only an arrest is reported. By contrast, CCH collects arrest data on over 7,000 Texas offense codes.
