

Track-Kit Audit Instructions (Crime Laboratories)

In addition to the historical audit conducted by the Department of Public Safety, effective September 1, 2019, Texas Government Code Section 420.045 requires that each law enforcement agency submit a **quarterly report** to the DPS identifying the number of evidence collection kits collected after August 31, 2019 that the law enforcement agency has not yet submitted for laboratory analysis. GC 420.045 also requires that public accredited crime laboratories submit a quarterly report to the DPS identifying the number of evidence collection kits received after August 31, 2019 for which the crime laboratory has not yet completed analysis.

The first quarterly report will be due to DPS by **April 15, 2020** and will cover the period from December 1, 2019 to 02/29/2020 (FY20 second quarter). Subsequent reports will be due on the following dates: **July 15, 2020**, for FY20 third quarter, and **October 15, 2020** for FY20 fourth quarter. Law enforcement agencies and laboratories are also required to certify within Track-Kit if they do not have any kits that meet the reporting requirement.

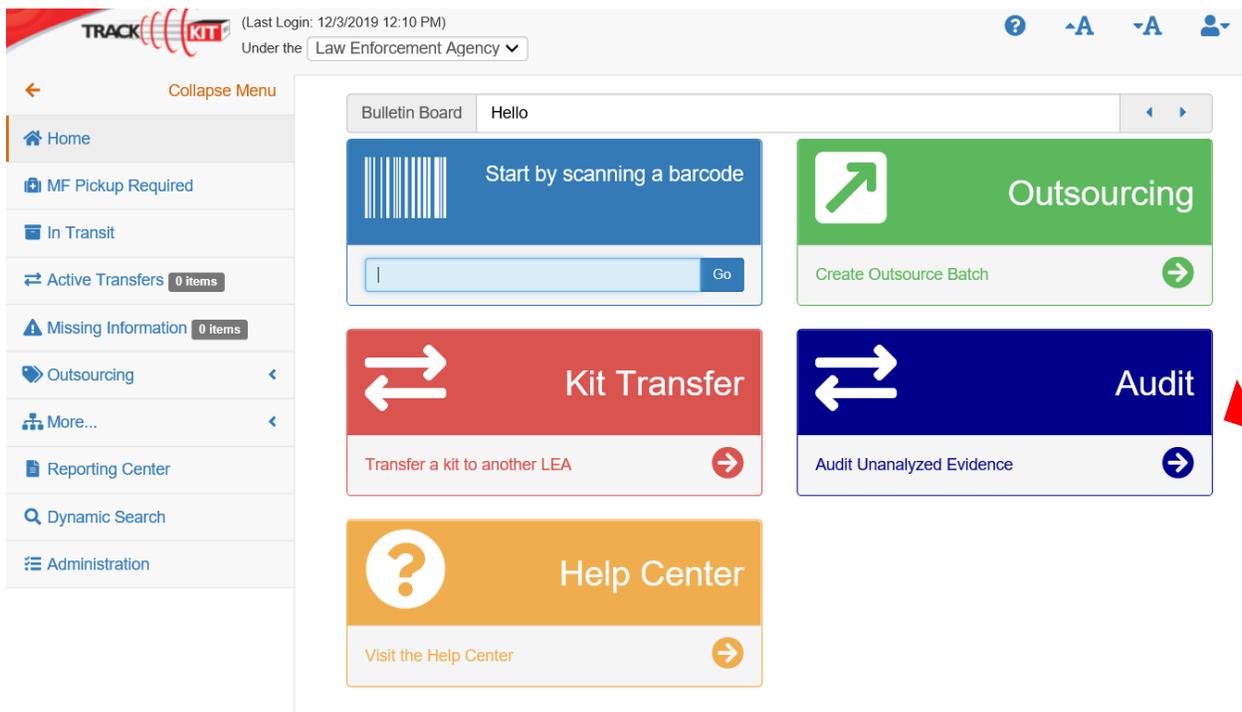

The quarterly reporting will be conducted via the Audit feature in the Track-Kit software system. Law enforcement agencies that do not currently have access to Track-Kit can email kittracking@dps.texas.gov for access information. If you have questions regarding the audit and/or reporting requirements, please visit <http://www.dps.texas.gov/CrimeLaboratory/SAEreporting.htm> or contact the DPS Laboratory by email at SAEreporting@dps.texas.gov.

Each agency should identify a point of contact for their agency. This person must be an agency administrator in Track-Kit.

Instructions

Login to Track-Kit (<https://tx.track-kit.us/Login>) using your email address and password.

From the Track-Kit home screen, click on the Audit option...

The screenshot displays the Track-Kit user interface. At the top, the logo 'TRACK KIT' is visible, along with the user's last login time (12/3/2019 12:10 PM) and the role 'Law Enforcement Agency'. A navigation menu on the left includes options like Home, MF Pickup Required, In Transit, Active Transfers (0 items), Missing Information (0 items), Outsourcing, More..., Reporting Center, Dynamic Search, and Administration. The main content area features several action cards: 'Start by scanning a barcode' with a search bar and 'Go' button; 'Outsourcing' with a 'Create Outsource Batch' button; 'Kit Transfer' with a 'Transfer a kit to another LEA' button; 'Help Center' with a 'Visit the Help Center' button; and 'Audit' with an 'Audit Unanalyzed Evidence' button. A red arrow points to the 'Audit' card.

The Audit window will open

Audit Type

Kits collected/received on or after September 1, 2019.

Each law enforcement agency and public accredited crime laboratory shall submit a quarterly report to the department identifying the number of active criminal cases for which a sexual assault evidence collection kit has not yet been submitted for laboratory analysis or the number of kits for which the crime laboratory has not yet completed analysis, as applicable. Reports are due 45 days after the end of each Fiscal Quarter.

In addition to First and Last Name, an email OR phone number is also required. This information will be used to contact your agency if additional information is needed.

Under Submission Details, certify whether or not your agency has a list to submit by selecting the appropriate option. If you certify that your agency does not have any kits that meet the audit requirement, you will complete the submission date and hit save.

The screenshot shows a modal window titled "Submission Details". At the top, it asks "Please certify whether or not your agency has a list/kits. * ?". There are two radio button options: "I certify that my agency does not have any kits that meet the audit requirement." and "I have kits to report for my agency.". The first option is selected. Below this is a "Submission Date * ?" field with a calendar icon. At the bottom right are "Save" and "Cancel" buttons. A red arrow points to the first radio button.

If you have kits to report, select the second option, add the submission date, and a second box will appear...

The screenshot shows the same "Submission Details" modal window. The second radio button, "I have kits to report for my agency.", is now selected. The "Submission Date * ?" field is now populated with a date. A new "Number of Kits * ?" field has appeared below the date field. A red arrow points to the second radio button, and another red arrow points to the "Number of Kits" input field. The "Save" and "Cancel" buttons remain at the bottom right.

Enter the number of kits you have on hand and click Save.

You should receive a confirmation on the Track-Kit home screen.

The screenshot displays the TRACK KIT home screen. At the top left, the TRACK KIT logo is visible, followed by the text "(Last Login: 12/4/2019 2:06 PM)" and "Under the Law Enforcement Agency" with a dropdown menu. On the top right, there are icons for help, font size adjustment, and user profile. A left-hand navigation menu includes options like Home, MF Pickup Required, In Transit, Active Transfers (0 items), Missing Information (0 items), Outsourcing, More..., Reporting Center, Dynamic Search, and Administration. A green notification banner at the top of the main content area states "The audit has been successfully submitted." with a red arrow pointing to it. Below the banner is a "Bulletin Board" section with a "Hello" message. The main area contains several large, colorful buttons: "Start by scanning a barcode" with a barcode icon and an input field; "Outsourcing" with a green arrow icon and a "Create Outsource Batch" button; "Kit Transfer" with a red double-headed arrow icon and a "Transfer a kit to another LEA" button; "Audit" with a blue double-headed arrow icon and an "Audit Unanalyzed Evidence" button; and "Help Center" with an orange question mark icon and a "Visit the Help Center" button.
