## New Driver License & ID Cards

The Texas Department of Public Safety (DPS) began issuing newly designed Driver License (DL), Identification (ID) and Election Identification Certificate (EIC) cards to Texans on February 24, 2020.

### Features Include:

Along with an updated design, the new cards have increased security features, including being made of a polycarbonate material that is tamper resistant and difficult to reproduce, and meet the national standards set by the American Association of Motor Vehicle Administrators.

As with the current design, the new cards continue to feature a gold star in the upper right corner to indicate the card is REAL ID compliant. Other significant changes include moving the communication impediment identifier to the front of the card, as well as adding a disabled veteran identifier and branch of service. The current organ donor and veteran identifiers remain the same.

This new design provides all information necessary for identification and verification purposes in an easy-to-read format.

### Polycarbonate Card Body

Card body is more durable, secure and tamper-resistant.

### Laser Engraving

Laser engraving provides maximum protection against data manipulation and forgery.

### Veteran/Disabled Veteran Identifier

Veterans have the opportunity to have a Veteran designator, along with the American flag and branch of service, appear on the front of the driver license or ID card, allowing for immediate recognition of the cardholder's military service.

### REAL ID Compliant

REAL ID star indicates the card meets state and federal regulations.

### Tactile Text

Customer ID and name are laser engraved on the card, raising the print and making it difficult to tamper with or modify.

### Organ Donor Identifier

Cardholders may specify they are an organ donor.

### Communication Impediment Identifier

Cardholders can indicate they have a health condition that may impede their ability to communicate.

### Minor Indicator

All minors under the age of 21 have an indicator that specifies the date they will become 21.

### Magnetic Stripe

Three tracks of cardholder information is readable by a standard magnetic stripe reader.

### Classifications

Cardholder specific classifications indicate the type(s) of vehicles the cardholder is authorized to operate.

### Endorsements

Cardholder specific endorsements are applicable for commercial licenses only.

### Restrictions

Cardholder specific restrictions limit when they can drive or requires that they meet specific conditions when they drive.

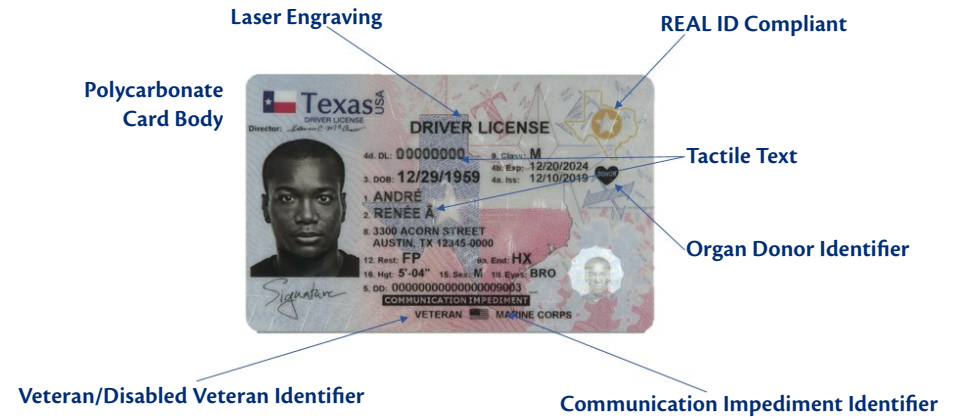

### PDF 417 Barcode

Information that is printed on the card about the cardholder is readily accessible using a PDF-417 compatible scanner.

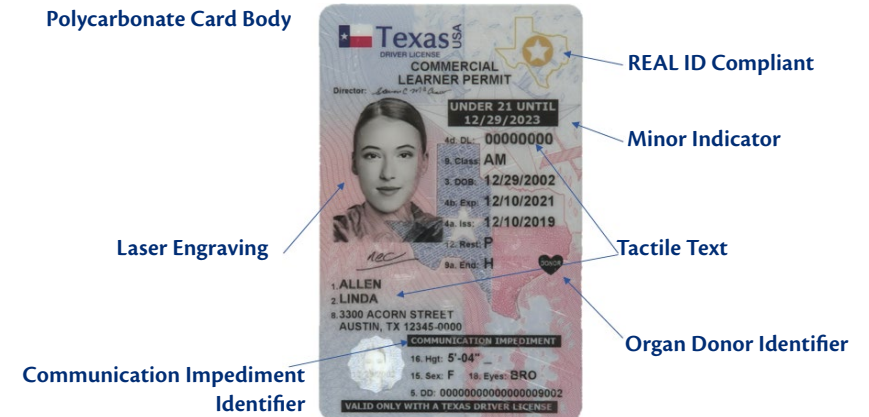

### Ghost Photo

Secondary image of cardholder has a guilloche pattern overlapping the photo.
