

## VIC Inspection Sequence: 11/23/2014

Version Date:  
September 5, 2014  
Version 1.0

1. Begin an inspection by searching for an existing vehicle by VIN or License Plate:

### Search for an Existing Vehicle Record

Enter VIN or Plate Number

VIN:

OR

License Plate Number:

**Continue** **Cancel Inspection**

2. If a vehicle is found, either confirm, search again, or enter manually if the information does not match

### Confirm Vehicle

VIN: 1FTXZ56425  
Plate: PMG390  
Vehicle: 2000 HONDA ACCORD

This vehicle is eligible for re-inspection at another station. Last inspected on 9/30/2014 9:33:00 AM [details](#)

Results:

**Confirm** **Search Again** **Enter Manually**

3. Start the Inspection by filling in the required fields. Fields added on 11/23/2014 are Fuel Type, Registration County, and Registration Expiration. The registration county has fields for NONE if there is no registration sticker present, or OUT OF STATE if the registration is from a state other than Texas.

Choose one

- Choose one
- Gas
- Diesel
- Bi-fueled (where one fuel is gasoline)
- Alternative Fuel (Propane, LNG, etc.)
- CNG
- Electric
- None (e.g. trailer)

Continue   Cancel Inspection

- The system reviews County of Registration, Fuel Type and Vehicle Age. Vehicles that are Gasoline Powered, 2-24 years old and registered in an emission county are subject to emissions testing. The system will display a warning message. If you proceed with the inspection, you must fill out a VIE-12 Affidavit and enter the exemption reason in the inspection sequence.

### Emissions Affidavit

**Warning**

The vehicle being presented for inspection is subject to an emissions inspection. Choose 'Proceed' to record affidavit details or 'Cancel Inspection' to exit the inspection sequence.

**Proceed**

**Cancel Inspection**

**Why are you cancelling this inspection?**

**Required**

- Expired or No Insurance
- Wrong Inspection Type
- Customer Cancelled Inspection
- Customer Failure To Pay
- Vehicle in Unsafe Condition
- Station out of Appropriate Certificate
- Vehicle Already has Valid Inspection
- Weather Conditions
- Other:

**Submit Cancellation**

**Return to Inspection**

### Emissions Affidavit

**Emissions Testing Exemptions**

A vehicle registered in an emissions county that is gasoline-powered and two (2) to 24 years old must be emissions tested or qualify for the VIE-12 Affidavit. The current administrative rules prohibit stations, not certified to do emissions testing, from inspecting these vehicles unless the applicant can demonstrate they meet one of the following exemptions.

The vehicle being presented for inspection is EXEMPT from having to have an emissions inspection because:

- Vehicle is not subject to the Texas Vehicle Emissions Inspection and Maintenance Program because said vehicle is not and will not be primarily operated (driven, parked, or stored for 60 calendar days per testing cycle) in affected counties. I further certify that in the future if said vehicle is primarily operated in affected counties, said vehicle will be reinspected at an inspection station certified to do emissions testing. (Registered in an affected county, but operated outside an affected county; e.g., company fleet vehicle, hunting vehicle, exempt from emission test on resale, etc.)
- Vehicle is no longer subject to the Texas Vehicle Emissions Inspection and Maintenance Program because said vehicle is no longer and will no longer be primarily operated (driven, parked, or stored for 60 calendar days per testing cycle) in affected counties. I further certify that in the future if said vehicle is primarily operated in affected counties, said vehicle will be reinspected at an inspection station certified to do emissions testing. (Registered in an affected county, but owner does not currently reside in an affected county and will not operate over 60 days per calendar year in an affected county; e.g., someone who moved from an affected county.)
- Will not return to an affected county prior to the expiration of the current inspection certificate. I further certify that immediately upon return to an affected county, said vehicle will be reinspected at an inspection station certified to do emissions testing. (Registered in an affected county and primarily operated in an affected county, but outside county upon expiration of inspection certificate; e.g., student, vacationer, extended out-of-town business, etc.)

**Continue**

**Cancel Inspection**

- For vehicles not subject to an emission inspection, or that have completed the VIE-12 affidavit process in step 4, the inspection continues with entering insurance information, conducting the inspection, and issuing the certificate.
