

**2019 Report**  
**on Texas Border Crime and Other Criminal Activity**

Report Date: May 30, 2020  
Reporting Agency: Department of Public Safety

## Introduction

This inaugural edition of the *Annual Report on Border Crime and Other Criminal Activity* was mandated by SB 616 from the 86th Texas Legislature (2019). This legislation added Texas Government Code § 411.055, which requires DPS to submit a “report on border crime and other criminal activity” to the Texas Legislature, not later than May 30th of each year.

This report is informed by data submitted by law enforcement agencies in Texas for offenses and arrests reported to DPS related to activity during the period of January 1, 2019 to December 31, 2019. The report utilizes Uniform Crime Reporting (UCR) data to provide border crime statistical data which occurred in Texas Counties contiguous to the Texas / Mexico border. Data relating to border crime arrests is sourced from the Computerized Criminal History (CCH) system. Because these data are derived from two different sources which collect different data types (one based on offense occurrence and the other based on arrest events), this data is presented separately. While there may be some overlap between the data sources, they cannot be reliably comingled as there is no information to tie a specific crime incident report to a specific arrest event. In order to reinforce the difference in the data, the information is visually separated by color with border crime statistical data presented in blue and gray while border crime arrest crime data is provided in black and white.

Section 772.0071(a)(1) of the Texas Government Code defines “Border crime” as “(a)ny crime involving transnational criminal activity that undermines public safety or security, including an offense:

- (A) during the prosecution of which an affirmative finding may be requested under Article 42A.054(c) or (d), Code of Criminal Procedure;
- (B) under Chapter 19, 20, 20A, 21, 22, 46, 47, or 71, Penal Code;
- (C) under Title 7 or 8, Penal Code;
- (D) under Chapter 481, Health and Safety Code;
- (E) committed by a person who is not a citizen or national of the United States and is not lawfully present in the United States; or
- (F) that is coordinated with or related to activities or crimes that occur or are committed in the United Mexican States.”

Border crime statistics use the standardized Summary Reporting and Incident Reporting data from law enforcement agencies contiguous to the Texas / Mexico border. Further information about the Summary and Incident Reporting activity is available on the Texas Uniform Crime Reporting (UCR) Program webpage. Calendar year 2020 will be the last year that UCR supports both the summary and National Incident Based Reporting System (NIBRS) reporting options. Beginning March 1, 2021, summary reporting will no longer be accepted from Texas law

enforcement agencies. Because NIBRS reporting will be the only acceptable option for UCR reporting, DPS has already been working with summary agencies across Texas to assist them with moving to NIBRS reporting.

Border arrests refers to criminal offenses committed by persons who are not lawfully present in the United States. Please note: the arrests in this report do not include all arrests committed by persons not lawfully present in the United States. Lawful presence is determined by the Department of Homeland Security (DHS) when the arrestees fingerprints are matched to fingerprints in the DHS database. If an unlawfully present individual is arrested and their fingerprints were not already enrolled in the DHS database at the time of their Texas arrest, DHS would be unable to biometrically verify their immigration status and therefore, their arrests are not included in these counts. Additional information related to the data collections used to inform the border arrest information in this report can be found on the [Texas Criminal Illegal Alien Data webpage](#).

The information contained in this Report is accurate as of March 31, 2020. The underlying data changes continuously as submissions are created and updated from law enforcement agencies across the State multiple times each day. Because of this, it may not be possible to duplicate the figures included here even using the same search criteria. Slight variations in results obtained using identical queries are expected and normal for the systems used in compiling this information due to the dynamic reporting nature of the process.

## Executive Summary

Texas is fortunate to have a high number of law enforcement agencies that contribute to the UCR program. Currently there are 1,075 Texas agencies contributing data to the UCR program. Without their participation, reports such as this would not be meaningful.

Border crime impacts all areas of Texas. As the data contained in these pages demonstrates, criminal illegal aliens account for a significant number of serious offenses in Texas. The report does not imply that unlawfully present individuals commit crime at a higher rate than citizens, it simply provides a count of the Texas arrests of individuals who are not legally present in the United States. These criminals harm Texans and affect our safety and security.

DPS publishes a Crime in Texas (CIT) report every year using data collected through the state's UCR program. The CIT provides statistics and information for selected offenses across Texas, and each yearly report beginning in 1999 is available on the [CIT webpage](#). The summary and incident-based reporting in this report is based on the same datasets, but the portion of this Report related to those types of standardized reporting, which makes up the bulk of the data in this Border Report, focuses on law enforcement reporting related to activity in the border regions of Texas.

## Border Crime Arrest Data

The data in the chart to the right depicts statewide border crime arrest related to individuals not lawfully present in the United States for the period of January 1, 2019 thru December 31, 2019.

The table below reflects the total border crime arrests offenses reported in border and non-border counties for counties with the 20 highest numbers of reported arrests. The counties listed represent more than 95% of the reported activity.

All offense categories covering all counties in 2019 add up to 34,661 arrests. Spreadsheets that detail instances for all reported crime categories by county can be found on the [DPS website](#).

### Offense Counts by County

County	Totals
El Paso	7,481
Harris	6,056
Dallas	4,098
Hidalgo	2,961
Tarrant	1,978
Travis	1,799
Webb	1,303
Cameron	1,118
Bexar	969
Montgomery	898
Collin	820
Denton	700
Bastrop	684
Fort Bend	422
Williamson	397
Brazoria	345
Hays	282
Starr	259
Galveston	222
Ector	215
<b>Total of Top 20 Counties</b>	<b>33,007</b>
All other counties	1,654
<b>Statewide Totals</b>	<b>34,661</b>

### Selected Arrest Offense Categories

Offense Category	Statewide Totals
Arson	18
Assault	4,238
Bribery	7
Burglary	420
Commercial Sex	281
Crimes Against Person	29

Trafficking Smuggling	432
Vagrancy	44
Vehicle Theft	133
Weapon Offense	329
<b>Total of Selected Offenses</b>	<b>33,409</b>
All other offenses	1,252
<b>Statewide Total Offenses</b>	<b>34,661</b>

## Border Crime Statistical Data

This section reflects border crime statistical data submitted by border agencies to the Texas DPS Uniform Crime Reporting system (UCR). UCR currently accepts data reports in two formats—the traditional Summary reporting methodology and the more data rich National Incident Reporting System (NIBRS) format.

While 411.055 of the Texas Government Code directs the DPS to utilize NIBRS reporting for the Border Report , not all Texas agencies currently report in the NIBRS format. Because of this difference in current reporting methodology DPS has used both NIBRS and Summary reporting to inform this report. DPS anticipates all Texas agencies to transition to NIBRS reporting by January 1, 2021 with the May 30, 2022 report being totally NIBRS based.

Data submitted by border agencies in the NIBRS format are shown on page 7, while Summary reporting agencies are displayed on page 8.

Additionally, statewide UCR data totals, harmonized to the Summary reporting definitions as published in the Crime In Texas publication, are depicted on page 9.

***Data reflected on the follow pages is as of March 31, 2020. UCR data is continually updated so current data may slightly differ from what is contained in this report. Current agency totals by month are available on the [DPS website](#).***

November	129	1,141	2,315	6,270	9,024	39,866	6,193	64,938
December	130	1,000	2,497	5,858	9,477	41,332	6,394	66,688
<b>Total</b>	<b>1,403</b>	<b>14,656</b>	<b>28,854</b>	<b>75,595</b>	<b>112,405</b>	<b>496,279</b>	<b>76,687</b>	<b>805,879</b>

\*The UCR program reporting criteria for murderous offenses significantly differ between the Summary reporting – where murder is the only offense reported – and the more recent NIBRS definition – in which the category of murder includes murder and manslaughter by negligence. For this table, Summary reporting terminology is used. Summary reporting will end in 2021, so beginning with the Report issued for 2022, all reporting agencies will use the NIBRS methodology. Given the difference in terms and criteria, numbers in subsequent Reports may reflect a substantial change. This is an expected result given the differences between the two categories.

\*\*The UCR program reporting criteria for sexual offenses significantly differ between the Summary reporting – where the term rape is used - and the more recent NIBRS definitions – which uses sexual assault. For this table, Summary reporting terminology is used. Summary reporting will end in 2021, so beginning with the Report issued for 2022, all reporting agencies will use the NIBRS methodology. Given the difference in terms and criteria, numbers in subsequent Reports may reflect a substantial change. This is expected given the differences between the two categories.

\*\*\*The UCR program reporting criteria for assault offenses significantly differ between the Summary reporting – where assault under Texas Penal Code §22.01 is the only offense reported – and the more recent NIBRS definition – in which the term assault offenses includes aggravated assault, assault, and intimidation. For this table, Summary reporting terminology is used. Summary reporting will end in 2021, so beginning with the Report issued for 2022, all reporting agencies will use the NIBRS methodology. Given the difference in terms and criteria, numbers in subsequent Reports may reflect a substantial change. This is an expected result given the differences between the two categories.

## Detailed Border County Crime Statistics

The information on the following pages provides detailed totals of offenses for each border region law enforcement agency, grouped by county, that reports uniform crime data to DPS. Because not all of the agencies within a given county report utilizing the same methodology (Summary vs. NIBRS), the data depicted here has been harmonized to the base Summary reporting method. This is consistent with how the annual *Crime In Texas* report is generated. Therefore, because of the data harmonization, crime statistics shown here for agencies noted as NIBRS reporters may differ slightly from the NIBRS based data reported for the same agency on page 7 of this report. Rape and assault are the areas most impacted by the differing definitions used by NIBRS and Summary reporting.

*Data reflected on the follow pages is as of March 31, 2020. UCR data is continually updated so current data may slightly differ from what is contained in this report. Current agency totals by month are available on the [DPS website](#).*
