Questions?

What if my password doesn't work?

- Verify that your complete User ID is displayed after “You are logging in as...” and the picture and site phrase was what you selected. If it isn't click “Not your name/email” and you will be sent back to the login page.
 - Click on Forgot Password and answer the security question and reset password. If you forgot the answer, click on Forgot Answer and a reset request will be sent.
 - Contact myself or cjis@txdps.state.tx.us and we will reset your password.
- “I can't log in” is going to need more information. Include more detail and what steps was done, this is helpful for us and can help solve the issue if it happens again.
- If you fail to login successfully after the third time you will get locked out. The lock out is temporary and will be locked out for about 10 - 20 minutes. The lockout is for security purposes.

Questions?

When I click on EDR Online, it does not display anything. How can I view this?

Verify that the browser you have is Version 9. Located on the URL address bar on the top of the browser there will be a compatibility button (The Broken Page Icon) The SID and TRN search box will appear on EDR Online.

Questions?

I had an email address change, should I request access for the new address?

No. Do not make a new request. Instead, inform us of the change needed and we will update your account. If this is a multi-user address update, add others in your agency and CC them on the email to cjis@txdps.state.tx.us

Questions?

Why when I login does it display a different image?

A different image is displayed because the complete User ID was not entered. Your first and last name is not your User ID. You must use your complete email address.

Questions?

Can I make an online correction to the court segment via the CJIS Site?

No. All corrections must be faxed to:
Attention Corrections at 512-424-2476
and please include your name, and
contact phone number.

Questions?

Can I modify the arrest segment via the CJIS Site?

The arresting agency are the only entities allowed to modify (certain fields) the arrest segment. Also, the arrest segment cannot be modified if the prosecutor and/or court segment has been applied to the record.

Questions?

Why isn't the Add Charge/Prosecution/Court button able to be clicked?

The arresting agency determines what county can report. If your county did not report the arrest, you will not be able to report online. You must report manually.

Questions?

If there are more technical problems please contact us with the following answers:

What date and about what time did the problem occurred?

Has this worked before?

Does this work with other data?

What OS are you running?

What browser and version are you using.

Send it to cjis@txdps.state.tx.us
