**The purpose of this presentation is to provide information regarding the submission of criminal data elements through the Criminal Justice Information System (CJIS) program. Proper submission allows data to be included in the Computerized Criminal History (CCH). An accurate and complete CCH provides valuable criminal data to law enforcement and other criminal justice agencies as well as contributing to a safer community overall. To that end, we will discuss:**

# Completeness Reports (Grant Funding)

*The Texas Code of Criminal Procedure, Chapter 60, requires counties to report criminal history dispositions to the Texas Department of Public Safety (DPS). This information is used by law enforcement, judges, and many public and private employers to check criminal histories.*

Counties must have an average of 90% or above on both adult and juvenile disposition completeness and maintain timely reporting of all information as required by state law in order for any unit of government or non-profit agency within the county to be eligible for Criminal Justice Division (CJD) funding.

*Disposition completeness percentage is defined as the percentage of arrest charges a county reports to DPS for which a disposition has been subsequently reported and entered into the CCH system.*

Information obtained from pg 7
