CCH Compliance — *24th Report*

Reporting Compliance in the Computerized Criminal History System

Texas Department
of Public Safety

CONTENTS

Section 1

Introduction:
Statutory Requirement, Reports of Compliance:
Description of reports included in this brief

Section 2

Report: 2024 CCH Dispositions Associated with
Reported Charges

Section 3

Report: Five-Year Average Completeness

Section 4

Report: Ten-Year History of Arrest Reports to CCH

INTRODUCTION

STATUTORY REQUIREMENT, AN OVERVIEW

Article 66.353, Code of Criminal Procedure (CCP), requires the Texas Department of Public Safety (DPS) to:

- Monitor the submission of arrest and disposition information by local jurisdictions;
- Annually submit a report regarding the level of reporting by local jurisdictions to the Legislative Budget Board, the Governor, the Lt. Governor, the State Auditor, and the standing committees in the Senate and House of Representatives that have primary jurisdiction over criminal justice, and;
- Identify the local jurisdictions that do not report or that partially report information.

As described in more detail on the following pages, this document presents:

- 2024 CCH Dispositions Associated with Reported Charges for both adult and juveniles
- Five-Year Average Completeness Report
- Updates Ten-Year History of Arrest Reports to CCH for both adult and juveniles

2024 CCH DISPOSITIONS ASSOCIATED WITH REPORTED CHARGES:

This report offers an overview of dispositions linked to previously reported charges in the CCH file.

- The **Total Charges Reported** column encompasses charges originating from both the arresting agency and those added by the prosecutor.
- The **Disposition Completeness Percentage** column represents the percentage of charges reported to the DPS that were brought against individuals in the county, either by the arresting agency or the prosecutor, and subsequently disposed of, either by the prosecutor or the court.

These charges, stemming from arrests in 2024, have had more than a year to go through the court process. As of January 2026, some charges may still be awaiting disposition within the counties, therefore they won't be included as disposed in this report.

A more detailed version of this report is being used by DPS field auditors to collaborate with prosecutors and courts in identifying areas where disposition reporting can be enhanced.

73%

The **adult statewide disposition reporting rate** for report year 2024 (reported January 2026), up from 71% in report year 2023 (reported January 2025).

82%

The **juvenile statewide disposition reporting rate** for report year 2024 (reported January 2026), unchanged from report year 2023 (reported January 2025).

FIVE-YEAR AVERAGE COMPLETENESS REPORT:

This report presents a five-year average summary of all dispositions associated with previously reported charges in the CCH file. The methodology utilized to calculate the individual years within the five-year average aligns with the approach used for computing a county's annual compliance rate, as detailed in the report.

Eligibility for specific types of grant funding is contingent on a county achieving a five-year average completeness rate, either equal to or exceeding 90% for both adult and juvenile dispositions. The reporting years considered in the five-year average completeness report will shift forward with each grant year. For instance, in 2026, eligibility will be determined based on the five-year average for calendar years 2020-2024, while in 2027, eligibility will hinge on the average for 2021-2025.

Five-Year Average Completeness Percentage, counties below 90%:

60%

Of counties (154 of 255*) fell below the 90% five-year average completeness threshold for **adult dispositions**, down from 84% in 2023.

20%

Of Texas counties (51 of 255*) had a five-year average completeness rate below 90% for **juvenile dispositions**, unchanged from 2023.

*There are 254 counties in Texas, and one "State and Federal Agency" submission, to total 255 included in the calculation.

A TEN-YEAR HISTORY OF ARREST REPORTS TO CCH:

This report provides insight into the number of arrests reported to CCH by each agency over the past decade.

NOTE:

Comparing FBI Uniform Crime Reports (UCR) arrest figures to those in the Computerized Criminal History (CCH) database is impossible due to significant differences:

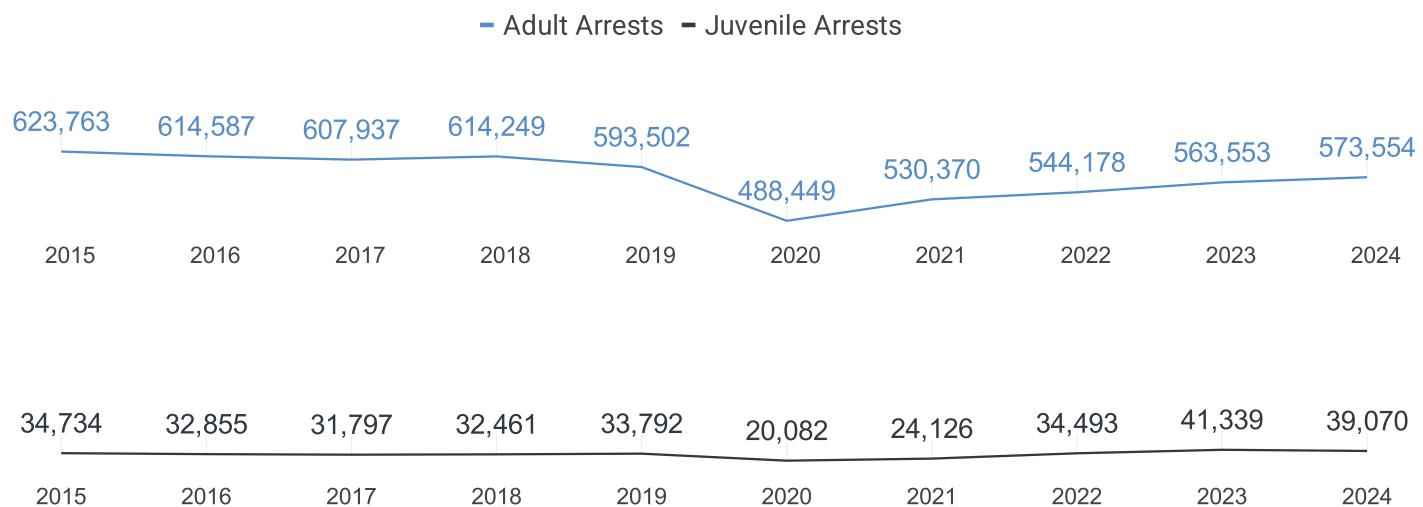

Computerized Criminal History (CCH)

VS

FBI Uniform Crime Reports (UCR)

<p>CCH is and has been mandatory:</p> <p>Agencies are required, by statute, to submit arrest data for their agency to the Department's CCH database. Chapter 66 Code of Criminal Procedure outlines the requirements and procedures for adult reporting. Chapter 58 Family Code outlines the requirements and procedures for juvenile reporting.</p>	<p>UCR was historically voluntary:</p> <ul style="list-style-type: none">Included a mix of reporting methodologies (i.e., Summary and NIBRS) until January 1, 2021, when the Texas program transitioned to only accepting NIBRS data.In 2023, HB 4879 mandated NIBRS reporting to DPS, which went into effect September 1, 2023.
<p>CCH collects arrest data based on CJIS offenses on over 7,000 state-specific offense codes.</p>	<p>UCR collects arrest statistics based on generalized national guidelines.</p> <ul style="list-style-type: none">The UCR program gathers crime statistics, which are generally categorized to create a uniform approach to national statistics.NIBRS includes 23 Group A categories, comprised of 52 Group A offenses and ten Group B offense categories. Group B offenses are only counted when there is an arrest.

Number of arrests reported to CCH over the past ten years:
