Article 1. Introduction

Any contract resulting from this solicitation will include the following Standard Terms and Conditions. Subcontractors must also comply with these provisions.

1.1 GLOBAL DRAFTING CONVENTIONS

1.1.1 “Includes” and “including” are terms of enlargement and not of limitation or exclusive enumeration. Use of the terms does not create a presumption that components not expressed are excluded.

1.1.2 Any references to laws, rules, regulations, and guidance in this Contract are references as they exist at the time of execution and as they may be amended, modified, or supplemented during the life of the Contract.

1.2 HEADINGS

The headings, captions, and arrangements used in this Contract are, unless specified otherwise, for reference and convenience only and do not alter the interpretation of this Contract.

1.3 AUTHORIZED REPRESENTATIVES

1.3.1 Contractor must designate its authorized representative in writing to DPS no later than the effective date of this Contract. Contractor’s authorized representative may designate other people (such as a contract manager or project manager) to assist in the performance of certain obligations required by this Contract.

1.3.2 DPS’s authorized representative is the only person authorized to make or approve changes in any Contract requirements. If Contractor makes any change at the direction of any person other than the Director or his legally designated representatives (his Deputy Directors), DPS will consider the change to have been made without authority and no adjustment will be made in this Contract price to cover any increase in cost incurred as a result.

1.4 SEVERABILITY

The parties acknowledge that if a dispute between the parties arises out of this Contract or the subject matter of this Contract, including a dispute over possibly ambiguous language, they would want the court to interpret this Contract as follows:

1.4.1 With respect to any provision that it holds to be unenforceable, by modifying that provision to the minimum extent necessary to make it enforceable or, if that modification is not permitted by law, by disregarding that provision;

1.4.2 If an unenforceable provision is modified or disregarded in accordance with this section, by holding that the rest of the Contract will remain in effect as written;

1.4.3 By holding that any unenforceable provision will remain as written in any circumstances other than those in which the provision is held to be unenforceable; and

1.4.4 If modifying or disregarding the unenforceable provision would result in failure of an
essential purpose of this Contract, by holding the entire Contract unenforceable.

1.5 APPLICABLE LAW; VENUE
This Contract will be governed by and construed in accordance with the laws of the State of Texas. The venue of any suit arising under this Contract is fixed in any court of competent jurisdiction in Travis County, Texas.

Article 2, Remedies and Disputes
2.1 TERMINATION
This Contract may be terminated or cancelled in any of the following circumstances.

2.1.1 Termination with Notification and Opportunity to Cure
DPS will notify Contractor in writing of any failure, cause, or default if Contractor fails to carry out or comply with any requirements of this Contract (including any statement, affirmation, disclosure, certification, representation, or warranty in this Contract that is false, misleading, or erroneous in any material respect). DPS’s notification will demand that the failure, cause, or default be remedied within ten days. DPS will have the right to cancel this Contract upon ten days from written notice if Contractor fails to remedy such failure, cause, or default within the ten days’ period.

2.1.2 Termination for Unavailability of Funds
1. The parties understand and agree that the obligations of DPS and its liabilities under this Contract are subject to the availability of funds given to DPS: (1) through appropriations from the Texas Legislature, (2) through federal funds, or (3) both.

2. If DPS is unable to perform its obligations under this Contract as a result of the suspension, termination, or withdrawal of funding to DPS, the failure to fund DPS, or lack of sufficient funding of DPS for any activities or functions contained within the scope of this Contract, DPS may immediately terminate this Contract without prior notice and without penalty to or any liability whatsoever on the part of DPS, the State of Texas, and the United States, if these funds become unavailable to DPS. Contractor will have no right of action against DPS.

3. DPS will make its best efforts to provide reasonable written advance notice to Contractor. In the event of a termination under this section, Contractor must, unless otherwise mutually agreed upon in writing, cease all work immediately upon the effective date of termination, either on the particular order if an order is being terminated, or this Contract if this Contract is being terminated. DPS will be liable for payments limited only to the portion of work DPS authorized in writing and which Contractor has completed, delivered to DPS, and which has been accepted by DPS in writing in accordance with all requirements of this Contract. All such work must have been completed, tested, and accepted in writing, per the requirements of this Contract, prior to the effective date of
2.1.3 Termination for Convenience  
DPS reserves the right to terminate this Contract any time, in whole, or in part, without cost or penalty, by providing 30 days’ advance written notice of such termination to Contractor, if DPS determines that such termination is in the best interest of the State.

2.1.4 Termination by Mutual Agreement  
This Contract may be terminated upon mutual written agreement.

2.1.5 Termination for Failure to Perform  
This Contract may be terminated by DPS if Contractor fails to perform as agreed or is otherwise in default, without the necessity of complying with the requirements in the section entitled “Termination with Notification and Opportunity to Cure.” DPS will provide Contractor with written notice to terminate this Contract, which termination will become effective immediately upon Contractor’s receipt of the notice.

If Contractor fails to provide the deliverables or other performance in accordance with the provisions of this Contract, or fails to comply with any of the terms or conditions of this Contract, DPS may, upon written notice of default to Contractor, immediately terminate all or any part of this Contract. Termination is not an exclusive remedy, but will be in addition to any other rights and remedies provided in equity, by law or under the Contract.

DPS may exercise any other right, remedy, or privilege which may be available to it under applicable law of the State and any other applicable law or may proceed by appropriate court action to enforce the provisions of this Contract, or to recover damages for the breach of this Contract. The exercise of any of the foregoing remedies will not constitute a termination of this Contract unless DPS notifies Contractor in writing prior to the exercise of such remedy. Contractor must remain liable for all covenants and indemnities under this Contract. Contractor must be liable for all costs and expenses, including court costs, incurred by DPS with respect to the enforcement of any of the remedies listed in this Contract.

2.1.6 Termination for Listing on Federal Excluded Party List, the Terrorism List (Executive Order 13224) or on the State of Texas Debarred Contractor List  
DPS will have the absolute right to terminate this Contract without recourse as follows: (a) if Contractor becomes listed on the prohibited Contractor list authorized by Executive Order 13224 “Blocking Property and Prohibiting Transactions with Persons Who Commit, Threaten to Commit, or Support Terrorism,” published by the United States DPS of Treasury, Office of Foreign Assets Control; (b) if Contractor becomes suspended or debarred from doing business with the federal government as listed in the System for Award Management (SAM) maintained by the General Services Administration; or (c) if Contractor becomes listed on the Texas Debarred Vendor List. DPS will provide Contractor with written notice to terminate this Contract, which termination will become effective immediately upon Contractor’s receipt of the notice.
2.1.7 Termination by Change of Law
DPS may immediately terminate this Contract, in whole or in part, without penalty to, or any liability whatsoever on the part of DPS, the State of Texas, and the United States if DPS or the subject matter of this Contract become subject to a legislative or regulatory change or the revocation of statutory or regulatory authority that would render the deliverables to be provided under this Contract impossible, unnecessary, void, or substantially amended or that would terminate the appropriations for this Contract. DPS is not required to provide 30 days’ written notice as termination under this section is immediate.

2.1.8 General Termination Provisions; All Contracts are Non-Exclusive
The termination of this Contract, under any circumstances, will not affect or relieve Contractor from any obligation or liability that may have been incurred under this Contract, and such cancellation by DPS will not limit any other right or remedy available to DPS at law or in equity.

This Contract does not grant Contractor a vested property right and Contractor has no guarantee of exclusivity. DPS reserves the right, in its sole discretion, to solicit or contract with other contractors for similar subject matter, services, or deliverables to those under this Contract at any time. Additionally, Contractor is not guaranteed any minimum amount of compensation.

DPS will not be considered in default or breach of this Contract, nor will it give rise to any liability whatsoever on the part of DPS whether such claims of Contractor are for compensation of anticipated profits, unabsorbed overhead, interest on borrowing, or for any other reason in the event of termination.

Contractor must, unless mutually agreed upon in writing, cease all work immediately upon the effective date of termination. DPS will be liable for payments limited only to the portion of the work DPS authorized in writing and which Contractor has completed, delivered to DPS, and which have been accepted by DPS. All such work will have been completed, per this Contract’s requirements, prior to the effective date of termination.

Contractor must deliver to DPS all completed, or partially completed work and any and all documentation or other products and results of these services no later than the first day after the termination of this Contract, or at DPS’s request. Failure to timely deliver such work or any and all documentation or other products and results of the services will be considered a material breach of this Contract. Contractor will not make or retain any copies of the work or any and all documentation or other products and results of the services without the prior written consent of DPS.

DPS reserves the right to recover reasonable costs, fees, expenses, and other amounts or damages available to DPS under this Contract or under applicable law, including, attorneys’ fees and court costs, if termination is at Contractor’s request or if termination is for cause. This right is in addition to any other remedies available to DPS under this Contract or applicable law. DPS reserves the right to pursue any and all applicable rights and remedies if this Contract is
terminated for any reason and DPS expressly waives no such rights or remedies.

DPS reserves the right to cancel this Contract without notice and either re-solicit or re-award this Contract to the next best responsive and responsible contractor if Contractor defaults on this Contract. DPS will not consider the defaulting Contractor in the re-solicitation and DPS may not consider the defaulting Contractor in future solicitations for the same type of work, unless the specification or scope of work significantly changes. DPS will determine the period of suspension based on the seriousness of the default.

DPS and the State of Texas will not be liable to Contractor for any damages, claims, losses, or any other amounts arising from or related to any such termination if this Contract is terminated for any reason. However, Contractor may be entitled to the remedies provided in Tex. Gov’t Code Chapter 2260.

The transition duties of Contractor survive the termination of this Contract, regardless of the reason for the termination.

2.2 CURE; DISPUTE RESOLUTION

2.2.1 FURTHER OPPORTUNITY TO CURE
A. If an Event of Default of the type specified in section entitled “Termination with Notification and Opportunity to Cure” occurs and if Contractor reasonably believes that such Event of Default cannot be cured within the ten business days allowed in the section entitled “Inspection of Services” but that such Event of Default can be cured through a diligent, on-going, and conscientious effort on the part of Contractor, within a reasonable period not to exceed three months, then Contractor may, within the ten-day cure period, submit a detailed plan for curing the Event of Default to DPS.

B. DPS will promptly review Contractor’s plan for curing an Event of Default and may, at its discretion, allow Contractor to pursue such plan of cure.

C. DPS will communicate its decision in writing to Contractor.

D. DPS may not exercise its remedies hereunder with respect to such Event of Default while Contractor diligently, conscientiously, and timely undertakes to cure the Event of Default in accordance with the approved plan.

E. The ten-day time period will be tolled during the time the request was pending, if DPS does not allow Contractor an extension of the cure period.

2.2.2 DISPUTE RESOLUTION
A. Any dispute arising under this Contract, which is not disposed of by mutual agreement between DPS and Contractor will be resolved as follows:

1. The dispute resolution process provided for in Tex. Gov’t Code Chapter 2260 must be used, as further described in this section, by Contractor to attempt to resolve all
disputes or contract claims arising under this Contract.

2. Contractor’s claim for breach of this Contract that the parties cannot resolve in the ordinary course of business must be submitted to the negotiation process provided in Tex. Gov’t Code Chapter 2260, Subchapter B.

3. Contractor must initiate the process by submitting written notice, as required by Subchapter B, to the Procurement and Contract Services Director or designee, at 5805 North Lamar Blvd, Bldg. A, Austin, Texas 78752.

4. Said notice will specifically state that the provisions of the Tex. Gov’t Code Chapter 2260, Subchapter B, are being invoked, and will also be given to all other representatives of DPS and Contractor otherwise entitled to notice under this Contract.

5. Compliance by Contractor with the Tex. Gov’t Code Chapter 2260, Subchapter B, is a condition precedent to the filing of a contested case proceeding under Chapter 2260, Subchapter C.

6. The contested case process provided in Tex. Gov’t Code Chapter 2260, Subchapter C, is Contractor’s sole and exclusive process for seeking a remedy for an alleged breach of this Contract by DPS if the parties are unable to resolve a dispute under this subparagraph (A).

8. Neither the execution of this Contract by DPS nor any other conduct of any representative of DPS related to this Contract will be considered a waiver of sovereign immunity to suit.

B. In addition to complying with Tex. Gov’t Code Chapter 2260, Contractor must comply with DPS administrative rules published in 37 Tex. Admin. Code Chapter 34, Subchapter C, Mediation of Certain Contract Disputes.

C. Contractor must continue providing the deliverables as directed, in a diligent manner and without delay, and must conform to DPS directives, decisions, or orders, be governed by all applicable provisions of this Contract, unless directed otherwise in writing by DPS at all times during the course of the dispute resolution process. Contractor may suspend performance during the pendency of such claim or dispute if Contractor has complied with all provisions of Tex. Gov’t Code § 2251.051 and such suspension of performance is expressly applicable and authorized under that law.

2.3 ROLLING ESTOPPEL

A. DPS will be conclusively deemed to have fulfilled its obligations under this Contract,
unless DPS receives a deficiency report from Contractor within five business days of the occurrence of the alleged deficiencies and Contractor identifies specific deficiencies in DPS’s fulfillment of its obligations in that report. Deficiencies will be described in terms of how they have impacted the specific performance requirements of Contractor. Contractor is estopped from claiming that a situation has arisen that might otherwise justify changes in the project timetable, the standards of performance under this Contract, or the project cost, if Contractor knew of that problem and failed to include it in the applicable report. The deficiency report will be sent to DPS’s Contract Monitor.

B. In the event Contractor identifies a situation in which DPS is impairing Contractor’s ability to perform for any reason, Contractor’s deficiency report will contain Contractor’s suggested solutions to the situation(s). These suggestions should be in sufficient detail so that the DPS Contract Monitor can make a prompt decision as to the best method of dealing with the problem and continuing the project in an unimpeded fashion.

2.4 **SURVIVAL OF OBLIGATIONS**
Termination of this Contract for any reason will not release Contractor from any liability or obligation set forth in this Contract that is expressly stated to survive any such termination or by its nature would be intended to be applicable following any such termination, including the provisions regarding confidentiality, indemnification, warranty, transition, records, audit, property rights, dispute resolution, invoice and fees verification, and any other provisions of this Contract that impose continuing obligations on either of the parties or that govern the rights and limitations of either of the parties after the expiration or termination of this Contract.

2.5 **NO WAIVER OF DEFENSES**
Nothing in this Contract will be construed as a waiver of the state’s sovereign immunity. This Contract will not constitute or be construed as a waiver of any of the privileges, rights, defenses, remedies, or immunities available to the State of Texas. The failure to enforce, or any delay in the enforcement, of any privileges, rights, defenses, remedies, or immunities available to the State of Texas under this Contract or under applicable law will not constitute a waiver of such privileges, rights, defenses, remedies, or immunities or to be considered as a basis for estoppel. DPS does not waive any privileges, rights, defenses, or immunities available to DPS by entering into this Contract or by its conduct prior to or subsequent to entering into this Contract.

2.6 **FORCE MAJEURE**
Neither Contractor nor DPS will be liable to the other for any delay in, or failure of performance, of any requirement included in this Contract caused by force majeure. The existence of such causes of delay or failure will extend the period of performance until after the causes of delay or failure have been removed provided the non-performing party exercises all reasonable due diligence to perform. Force Majeure is defined as acts of God, war, fires,
explosions, hurricanes, floods, failure of transportation, or other causes that are beyond the reasonable control of either party and that by exercise of due foresight such party could not reasonably have been expected to avoid, and which by the exercise of all reasonable due diligence, such party is unable to overcome. Each party must inform the other in writing, with proof of receipt, within three business days of the existence of such force majeure, or otherwise waive this right as a defense.

2.7 FORESEEABLE DELAY
If a delay in delivery of a deadline or other performance under this Contract is foreseeable and the delay is not caused by a Force Majeure event, Contractor must give written notice to DPS. DPS has the right, in its sole discretion, to extend the delivery date if DPS determines the reasons for the delay are acceptable to DPS. Contractor must keep DPS advised at all times of the status of the delay.

Contractor’s failure to perform under this Contract and failure to meet the requirements of this Contract, including Contractor delays not accepted by DPS, may result in DPS issuing a new solicitation or entering into another contract for the subject matter of this Contract.

Contractor must pay all costs to DPS due to a re-solicitation or contracting under this section.

2.8 NOTICES
Any notice required or permitted under this Contract will be directed to Contractor’s Project Manager and DPS’s Contract Administrator and will be deemed received:

A. When delivered in hand and a receipt granted;

B. Three days after it is deposited in the United States mail by certified mail, return receipt requested; or

C. When received if sent by confirmed facsimile or confirmed email.

Either of the parties may change its address or designated individual(s) to receive notices by giving the other party written notice as provided above, specifying the new address or individual and the date upon which it will become effective.

2.9 NO LIABILITY FOR INCREASED COSTS OR DAMAGES
DPS will not be liable to Contractor for any increased costs or expenses that may be incurred by Contractor, or for any other damages that may be suffered by Contractor as a result of any act or omission of any other contractor to the State of Texas or DPS.

Article 3, Amendments and Contractor Changes
3.1 AMENDMENTS
DPS and Contractor may amend this contract through a written amendment signed by an authorized signatory on behalf of the respective party.
3.2 **NO AMOUNTS PAID FOR UNAUTHORIZED PERFORMANCE**
Contractor will not receive compensation for performance not authorized under the Contract, including any performance prior to the effective date of a written Contract amendment signed by both parties. Any such performance is at the sole risk of Contractor.

3.3 **NO CONFLICT WITH LAWS OF THE STATE OF TEXAS**
Any subsequent addition to the solicitation or amended language to this Contract that conflicts with the laws of the State of Texas is void.

3.4 **OPTION TO EXTEND THE TERM OF THE CONTRACT**
   A. DPS may, at its sole discretion, extend the term of this Contract by written Contract amendment to Contractor prior to this Contract’s expiration.
   
   B. The preliminary notice does not commit DPS to an extension.
   
   C. If DPS exercises this option, the extended Contract will be considered to include this option provision.

3.5 **OPTION TO EXTEND SERVICES**
   A. DPS may require continued performance of any services within the scope and at the rates specified in this Contract.
   
   B. DPS reserves the right to extend this Contract by written Contract amendment for a 90-day period at the end of this Contract or extension period for the purpose of re-advertising the commodity or service, awarding a new Contract, or transitioning into a new Contract.
   
   C. DPS may exercise this optional provision more than once, but the total extension of performance may not exceed six months.

3.6 **CONTRACTOR CHANGES (INCLUDES SUCCESSORS AND ASSIGNEES)**
Contractor may not assign or transfer any interest in or duty under this Contract without the express, prior written consent of DPS, with DPS providing such consent at its sole discretion. An attempted assignment in violation of this provision is null and void. Any approved assignment will not relieve the assignor of any liability or obligation under this Contract.

Contractor must submit timely written notification to DPS of any changes in Contractor status, including changes in Contractor’s name, organizational structure, ownership, affiliated entities, principals, mergers, acquisitions, address, telephone number, facsimile number, or email address with an effective date of such change. Contractor must submit to DPS a copy of any “DBA” registration and any legal corporate name change filed with the Secretary of State.

Contractor must provide written notification to DPS of any contractor changes prior to the change; however, assignment of this Contract and performance under this Contract are limited as provided under this Contract.
Contractor must provide detailed information requested by DPS, including without limitation the tax identification number of the proposed new contractor. All written notifications of organizational change must include a detailed statement specifying the change and supporting documentation evidencing continued right of Contractor or successor entity, as applicable, to maintain its status as a party to this Contract.

Notwithstanding DPS’s receipt of written notification by Contractor under this section, DPS may, in its sole discretion, terminate this Contract due to any change that DPS believes materially alters Contractor’s ability to perform under this Contract in accordance with all terms and conditions.

DPS may require a novation agreement dependent upon the change, but especially in the event of a merger or acquisition. DPS may have to amend the Contract dependent upon the change.

**Article 4, Indemnification**

4.1 **INDEMNIFICATION (GENERAL)**

Article 5, Contract Performance

5.1 MOST FAVORED CUSTOMER
Contractor represents and warrants that all prices, charges, benefits, warranties and terms granted to DPS under this Contract are comparable to, or more favorable to, DPS than the price, charges, benefits, warranties, and terms that Contractor has previously offered to any person or entity for the products or services covered under any other agreement. If at any time during the term of this Contract, Contractor will contract with any other person or entity for prices, charges, benefits, warranties and terms more favorable to such person or entity, Contractor must notify DPS of such more favorable terms and DPS, in its sole discretion, may require that such more favorable prices, charges, benefits, warranties or other terms be available to DPS under this Contract, and be retroactive to the effective date of this Contract.

5.2 NO SUBSTITUTIONS AND DELIVERY TIMES
No substitutes or cancellations are permitted without the prior written approval of an authorized representative of DPS. Delivery will be made during normal business hours only, unless prior written approval for late delivery has been obtained from DPS’s authorized representative.

5.3 TITLE AND RISK OF LOSS

5.4 RECALL NOTICE
Contractor must immediately upon discovery of same, advise DPS of any or all required replacements or modifications to any equipment or hardware provided under this Contract or the withdrawal of any such equipment or hardware by reason of safety hazard or recall regardless of the nature of same. Verbal notification will be confirmed in writing within 24 hours of such verbal notification. Contractor must submit all such formal notices to the DPS Contract Monitor.

5.5 TESTING; ACCEPTANCE; RETURN; REVOCATION
All samples will be subject to inspection and testing by DPS or the State of Texas. DPS reserves the right to test items/samples upon request and all costs of such testing will be paid by Contractor. After award and prior to payment, DPS may conduct acceptance testing on the requested items delivered under this Contract. If the delivered and installed items fail to meet
the acceptance criteria or any other requirements, DPS may refuse to accept such items. Upon DPS’s acceptance of deliverable(s) that meet or exceed all requirements, DPS will notify Contractor in writing that Contractor may submit an invoice to DPS’s Accounts Payable Division for such deliverables. DPS reserves the right to revoke prior acceptance for, among other things, latent defects.

If relevant to the type of services provided under this Contract, Contractor must have a separate Production, Quality Assurance (QA), and User Acceptance (UAT) testing environment. Updates must be tested and approved by DPS prior to deployment to production. If incorporated, reference the exhibit entitled DPS Testing Entry/Exit Criteria.

5.6 INSPECTION OF SERVICES

A. Acceptance criteria for all deliverables under this Contract may be found in the solicitation.

B. DPS has the right to inspect and validate all products, services, and deliverables called for by this Contract, to the extent practicable at all times and places during this Contract. DPS will perform inspections in a manner that will not unduly interfere with Contractor’s performance of this Contract. Contractor must furnish, and must require subcontractors to furnish, at no increase in this Contract’s price, all reasonable assistance for the safe and convenient performance of these duties.

C. If any deliverables do not conform to this Contract’s requirements, DPS will require Contractor to perform the deliverables or services again in conformity with this Contract’s requirements, at no increase in this Contract’s amount, in addition to all other legal and equitable remedies.

D. DPS will, subject to limitations provided by law with respect to rights of privacy, have the right to reasonably prompt access and to examine all records of Contractor, including financial records, maintenance records, employee records including time, and attendance records generated by Contractor and its subcontractors in connection with performance of this Contract.

E. If subject to the outcome of an audit, it is determined that Contractor is in non-compliance with any provisions of this Contract or that money is owed to DPS by Contractor, then DPS will exercise its rights of recovery of money owed as authorized by this Contract.

F. If any services are non-compliant with this Contract’s requirements, Contractor will be notified describing specific areas of non-compliance. Contractor will have a ten-day period to file a written response detailing corrective action taken to address all such items of non-compliance. The response will include supporting documentation. Unless otherwise specified, or previously agreed to by DPS, the submission of a corrective action plan will not be accepted as corrective action. For all items of non-compliance
satisfactorily resolved by agreement between Contractor and DPS, no further action regarding such items will be taken. If an item of non-compliance cannot be resolved between Contractor and DPS, and such item remains uncorrected for a period of ten days or longer after written notification to Contractor, then such item will be declared to be an “event of default.”

5.7 INSPECTION BY STATE EMPLOYEES
   A. Contractor must provide and maintain all documentation pertaining to quality testing, acceptance of deliverables, maintenance and warranty records, inventories of equipment per location, and all reports necessary under the terms of this Contract, in a manner acceptable to DPS for the deliverables provided under this Contract. Complete records of all inspection work performed by Contractor must be maintained and made available to DPS during this Contract’s performance and for a period of seven years after the termination of this Contract.

   B. Contractor must provide entry at all times to DPS, the Public Safety Commission, or any authorized employee or agent for inspections and other official purposes. The Governor, members of the Legislature, and all other members of the Executive and Judicial Departments of the State of Texas, as well as any other persons designated by DPS, including the Office of the Inspector General, will be admitted to monitor the delivery of deliverables.

5.8 APPROVAL OF EMPLOYEES
   A. Contractor must retain no upper level management personnel for administration of the contracted services without prior approval of each selection by DPS’s authorized representative or his designee. DPS will not unreasonably withhold approval.

   B. Contractor must provide the name of the employee, all pending investigations and disciplinary actions and previous disciplinary actions upon request by DPS.

5.9 PERSONNEL
5.9.1 Qualifications of Personnel
   A. Contractor warrants that all persons assigned to this Contract are employees or subcontractors of Contractor and meet all qualifications as defined within this Contract to perform the work required.

   B. Replacement of personnel, if approved by DPS, must be with personnel of equal or greater ability and qualifications. DPS will be the arbiter of whether the replacement personnel have equal or greater ability and qualifications than the personnel being replaced.

   C. Contractor must assign all personnel identified in this Contract to complete all of its planned and assigned responsibilities in connection with performance of this Contract. DPS will have the right to approve the assignment and replacement by Contractor of all
personnel assigned to provide deliverables or to provide on-site representation of Contractor.

D. Contractor must notify DPS before assigning a replacement individual for any of the personnel commitments identified in this Contract. Contractor must notify DPS of the proposed assignment, must introduce the individual to the appropriate representatives of DPS, must provide a transfer of knowledge validation, and must provide to DPS a résumé and any other information about the individual reasonably requested by DPS. DPS reserves the right to interview the individual before granting approval. Contractor must obtain prior written approval for any replacement personnel before beginning any work assignments.

5.9.2 Replacement of Personnel at DPS’s Request
A. DPS reserves the right to require Contractor to replace Contractor’s personnel whom DPS judges to be incompetent, careless, unsuitable or otherwise objectionable, or whose continued use is deemed contrary to the best interests of DPS or the State of Texas. Before a written request is issued, representatives of DPS and Contractor will discuss the circumstances of the proposed personnel replacement. Upon receipt of a written request from DPS’s Contract Administrator, Contractor will be required to proceed with the replacement. The replacement request will include the desired replacement date and the reason for the request. Contractor must use its best efforts to effect the replacement in a manner that does not degrade performance of deliverable quality. Contractor must also provide DPS with evidence of a sufficient transfer of knowledge to the proposed replacement.

B. This provision will not give DPS the right to require Contractor to terminate any Contractor employee’s employment. Rather, this provision gives DPS the right to require Contractor to discontinue using particular personnel in the performance of deliverables for DPS.

5.9.3 Unauthorized Removal of Personnel
It is critical to the overall success of the project that Contractor not remove or reassign, without DPS’s prior written approval, any of the assigned personnel until such time as the personnel have completed all of their planned and assigned responsibilities in connection with performance of Contractor’s obligations under this Contract. Without prior written approval from DPS, personnel must only be changed in the event of death, personal injury, debilitating illness, or termination of employment with Contractor. DPS will consider the unauthorized removal of personnel by Contractor as a material breach of this Contract and grounds for termination.

5.10 WARRANTIES
5.10.1 Third-Party Warranties
If, under this Contract, Contractor procures any materials or products for DPS, Contractor must assign or otherwise transfer to DPS, or afford DPS the benefits of, any manufacturer’s warranty
for such materials or products. Contractor must create and deliver the deliverables in a manner that does not infringe the intellectual property or proprietary rights of any third party. In the course of performing work under this Contract, Contractor/subcontractor(s) will not use or copy any intellectual property owned by a third party without paying any required license fees or royalties.

5.10.2 Contractor Warranties
Contractor and any subcontractor represent and warrant that it has the requisite qualifications, experience, personnel, and other resources to provide goods or services in the manner required by the Contract.

5.11 SUSPENSION OF WORK
A. DPS may order Contractor, in writing, to suspend, delay, or interrupt all or any part of this Contract for the period of time that the Contract Monitor determines appropriate for the convenience of DPS.

B. If the performance of all or any part of the work is, for an unreasonable period of time, suspended, delayed, or interrupted:
   1. By an act of the Contract Monitor in the administration of this Contract, or
   2. By the Contract Monitor’s failure to act within the time specified in this Contract (or within a reasonable time if not specified), an adjustment will be made for any increase in the cost of performance of this Contract (excluding profit) necessarily caused by the unreasonable suspension, delay, or interruption, and the Contract modified in writing accordingly.

C. A claim under this provision will not be allowed:
   1. For any costs incurred more than 20 days before Contractor will have notified the Contract Administrator in writing of the act or failure to act involved (but this requirement will not apply as to a claim resulting from a suspension order); and
   2. Unless the claim, in an amount stated, is asserted in writing as soon as practicable after the termination of the suspension, delay, or interruption, but not later than the date of final payment under this Contract.

5.12 STOP-WORK ORDER
A. The Contract Administrator may at the request of DPS, at any time, by written order to Contractor, require Contractor to stop all, or any part, of the work called for by this Contract for a period of up to 90 days after the order is delivered to Contractor, and for any further period to which the parties may agree. The order will be specifically identified as a stop-work order issued under this provision. Upon receipt of the order, Contractor must, at DPS’s expense, immediately comply with its terms and take all reasonable steps to minimize the incurrence of cost allocable to the work covered by
the order during the period of work stoppage. Within a period of up to 90 days after a stop-work order is delivered to Contractor, or within any extension of that period to which the parties must have agreed, the Contract Administrator may either:

1. Cancel the stop-work order; or

2. Terminate the work covered by the order as provided in the stop-work order of this Contract.

B. If a stop-work order issued under this provision is canceled or the period of the order or any extension thereof expires, Contractor must resume work. DPS will make an equitable adjustment in the delivery completion schedule, the estimated cost, or both, and this Contract will be modified, in writing accordingly, if:

1. The stop-work order results in an increase in the time required for, or in Contractor’s cost properly allocable to, the performance of any part of this Contract; and

2. Contractor asserts its right to the adjustment within 30 days after the end of the period of work stoppage; provided that the Contract Administrator decides the facts justify the action, the Contract Administrator may receive and approve the claim submitted at any time before final payment under this Contract.

C. If a stop-work order is not canceled and the work covered by the order is terminated, the Contract Administrator may allow reasonable cost resulting from the stop-work order in arriving at the termination settlement.

D. An appropriate equitable adjustment may be made in any related contract of Contractor that provides for adjustment and is affected by any stop-work order under this provision. DPS will not be liable to Contractor for damages or loss of profits because of a stop-work order issued under this provision.

5.13 MONITORING CRITERIA

A. DPS will devise its own procedures for monitoring the quality of Contractor’s performance under this Contract, and DPS’s Policies.

B. Contractor must cooperate fully with DPS in obtaining the requisite information needed to complete such audits and to assess the quality of Contractor’s performance.

C. Monitoring may include document reviews and on-site audits conducted by DPS. Such monitoring by DPS will not relieve Contractor of any of its obligations under this Contract.

D. The Contract Monitor and other DPS staff will provide written findings regarding non-compliant conditions, processes, procedures, and observations that could, if not addressed by Contractor, become an item of non-compliance.
5.14 SUBCONTRACTS

A. Contractor must assume full responsibility for all deliverables and performance under this Contract. DPS will consider Contractor to be the sole point of contact with regard to contractual matters, including payment of any and all charges under this Contract. If any part of this Contract is planned to be subcontracted, Contractor must include a list of all subcontractors, including the firm name, address, and contact person of each subcontractor, a complete description of the deliverables or other work to be subcontracted, financial statements for each subcontractor, and descriptive information concerning each subcontractor’s qualifications.

B. Contractor may not delegate any duties under this Contract to a subcontractor unless DPS has given prior, written consent to the delegation. DPS will approve all subcontractors and will require Contractor to replace any subcontractor found, initially or based on performance, to be unacceptable in DPS’s opinion.

C. The management of any subcontractor will be the sole responsibility of Contractor, and failure by a subcontractor to perform will be deemed to be failure of Contractor. Contractor must make all payments to subcontractors and suppliers. DPS will not direct payments for deliverables acquired in connection with this Contract other than to Contractor, nor will DPS release Contractor from having to perform any obligations under this Contract, notwithstanding the fact that a subcontractor may have been engaged by Contractor to perform those obligations.

D. Contractor will furnish to DPS copies of all subcontracts. All subcontracts will include all applicable provisions contained in this Contract and any provisions required by law.

E. Contractor is solely responsible and accountable for the completion of all work which Contractor has subcontracted.

5.15 WORK MADE FOR HIRE

Contractor and its employees, representatives, agents and any subcontractors will serve as an independent contractor in providing deliverables or otherwise in its performance under this Contract. Contractor and its employees, representatives, agents and any subcontractors will not be employees of DPS. Should Contractor subcontract any of the services provided under this Contract, Contractor expressly understands and acknowledges that in entering into such subcontracts, DPS is in no manner liable to any subcontractor of Contractor.
