CRIMINAL JUSTICE INFORMATION SYSTEM

During the 71st Regular Session in 1989, the Texas Legislature made sweeping changes in the Criminal Justice System. House Bill 2335 and Senate Bill 41 created Chapter 60 of the Code of Criminal Procedures (CCP). Chapter 60 outlined and defined the Criminal Justice Information System (CJIS). The Texas Department of Public Safety (DPS) and the Texas Department of Criminal Justice (TDCJ) were called upon to create a comprehensive system that includes relevant data for criminal justice agencies responsible for the arrest, prosecution, adjudication and correction of criminal offenders. In addition, this information provides usable data to support the analyses of criminal justice policy makers and planners.

The 85th Legislature updated and revised the Criminal Justice Information Systems reporting, moving it to CCP Chapter 66 with House Bill 2931. These changes took effect on 01/01/2019.

This data is maintained in a statewide Computerized Criminal History (CCH) system regulated by the Crime Records Division of DPS.

RELEASED WITHOUT PROSECUTION

When a CR-43 is sent to the DPS on an offender and the arresting agency decides they will not pursue the case, the arresting agency must update the arrest disposition in CCH. This updated arrest disposition will reflect the offender was released without prosecution. This is the only way DPS can close the open arrest created by the submission of the CR-43 if the case is not pursued by the arresting agency. **The arrest will remain on the offender's criminal history record.** To complete this process, you may perform one of the following:

1. Using a copy of the original CR-43, change the arrest disposition to 207 and write "Correction" in the Local Agency Use field at the bottom of the form. Email this corrected form to corrections.cjisjjis@dps.texas.gov Please use blue or black ink for all corrections.
2. Email corrections.cjisjjis@dps.texas.gov requesting the DPS change the arrest disposition code to 207. When making this request, include the following information to ensure correction of the appropriate charge:

**DUPLICATE TO
TRN 234 567 890X**

DUPLICATE TRN (OFFENSE)

A duplicate TRN is the reporting of the same offense and arrest date multiple times. Only one TRN can be used and all duplicate TRN's must be closed. To complete this process, you may perform one of the following:

1. Using a copy of the original CR-43, change the arrest disposition to 207 and write "Duplicate To" and the duplicate TRN in the For Local Agency Use field at the bottom of the form. Email this corrected form to corrections.cjisjjs@dps.texas.gov Please use blue or black ink for all corrections.
2. Email corrections.cjisjjs@dps.texas.gov stating that the offense is a duplicate and requesting that the DPS change the arrest disposition code to 207. When making this request, include the following information to ensure correction of the appropriate charge:

TRN

TRS

Name

Date of Birth

Date of Arrest

Offense Data

The TRN you are continuing to use

The TRN you are closing with the 207

3. If you have access to the CJIS Site (<https://cch.dps.texas.gov/les>), you can make modifications online if no Prosecutor or Court information is present:

Change the ADN to 207 and enter "Duplicate to TRN _____" in the ADD, Disposition Literal, field.

Please be aware that this will close out the Duplicate charge but will not remove it from the person's criminal history. If you wish to remove the Duplicate charge, your agency will need to pursue a full expunction of the record.

When the prosecutor receives the CR-43/CR-44 form from the arresting agency, the arrest offense will be listed on the form. If the prosecutor or a grand jury decides to prosecute the offender on a charge other than the one listed in the arrest segment, the offense information will need to be changed in the prosecutor segment of the CR-43/CR-44. To do this, the prosecutor will use the Prosecutor Action Code of C to signify that the offense information is changing. Complete the prosecutor segment including:
