

Welcome to the MSF Basic *RiderCourse*

1. Join group at a table
2. Introduce yourself to others at your table
(Name, where from, motorcycling experience (if any), reason for course)
3. Complete paperwork if not already done
4. We will start the class in a few minutes

Introductions

1. Course participants

- Name
- Where from
- Motorcycling experience (operator or passenger)
- Primary reason for course

2. RiderCoach(es) and others present

3. Course participants decide on group/team name

Rider Handbook

Each group will:

1. Review content in Rider Handbook
 - Pages numbers and topics are provided
 - Related study question numbers are in parentheses
2. Report meaningful information
 - Use images from the Rider Handbook and what is shown on the slide

Welcome and Sections 1 & 2.
Welcome, Course Introduction, and Motorcycle Types

Meaningful information?

Page iv, Welcome (1-3)

Pages 1-3, Course Requirements through Motorcycle Types (4-7)

Page iv, Welcome (1-3)

Page 1, Course Requirements; Risk and Responsibilities (4-5)

Pages 2-3, Introduction and Motorcycle Types (6-7)

Section 6. Risk and Riding

Determine Your Risk Offset (bottom of page 19)

Risk

Skill

Section 16. Range Preparation (pages 48-49)

Page 48-49 topics:

1. Range Safety Rules
 - Why are they important?
 - Name a few that are most important to you
 - What gear is needed for range?
2. RiderCoach Signals
 - What are some common signals you will see?
3. How the Range Exercises Work
 - What will happen in each exercise?
 - What will happen at the end of each exercise and why?

Section 7. Basic Street Strategies

Meaningful information?

Pages 20-23, Introduction through 12-second anticipation (76-82)

Pages 23-25, Total Stopping Distance through Escape Paths (83-91)

Pages 20-21, Introduction through Being Visible (76-79)

Pages 22-23, An Active Strategy through Total Stopping Distance (80-84)

Pages 24-25, Mental Processing through Escape Paths (85-91)

Traffic Controls & Roadway Features Roadway Users Surface Conditions Escape Paths

Section 8. Strategies for Common Situations

Meaningful information?

Pages 26-30, Introduction through Limited-Space Maneuvers (104-110)

Pages 31-33, Starting on a Hill through Night Riding (111-119)

Everyone: Page 33, Group Riding (120-124)

Pages 26-28; Introduction through Freeway Merging & Exiting (92-103)

What is the danger?

Pages 28-30, Curves through Limited-Space Maneuvers (104-110)

Pages 31-33, Starting on a Hill through Night Riding (111-119)

Page 33, Group Riding (120-124)

THE MOTORCYCLE SAFETY FOUNDATION PRESENTS

SHARE THE ADVENTURE

GROUP RIDING CAN BE ONE OF THE MOST MEMORABLE EXPERIENCES YOU CAN HAVE.

This kit shows how to plan and organize the ride, and safely deal with a variety of challenges so that your group ride is safe and enjoyable.

ENCLOSED IS EVERYTHING YOU NEED TO DEMONSTRATE HOW TO RIDE SAFELY IN A GROUP

Section 9. Basics for Emergencies

Meaningful information?

Page 34, Introduction through Emergency Stop in a Curve (125-129)

Pages 34-35, Front Tire Skid through The Brake or Swerve Decision (130-134)

Page 34, Introduction through Emergency Stop in a Curve (125-129)

Tone Ring

What procedure would you use to make an emergency stop
in the middle of this curve?

Pages 34-35, Front Tire Skid through Rear Tire Skid (130-131)

High Side?
Low Side?

Page 35, Swerving through The Brake or Swerve Decision (132-134)

Section 10. Special Riding Situations

Meaningful information?

Pages 36-37, Introduction through Carrying Passengers or Cargo (135-146)

Pages 38-39, Touring through Engine Seizure (147-154)

Page 36, Introduction through Road Surfaces (135-139)

Page 37, Carrying Passengers or Cargo (140-146)

Pages 38-39, Touring through Engine Seizure (147-154)

Section 11. Rider Impairments

Meaningful information?

Pages 40-41, Introduction through Intervention (155-165)

Pages 41-42, Other Factors Affecting Safety through Riding at the Limit (166-173)

Page 40, Introduction through Alcohol (155-161)

Do not operate heavy machinery after drinking.

Pages 41-42, Other Factors Affecting Safety through Riding at the Limit (166-173)

Good Risk Offset

Section 12. Select Topics (page 43)

Handout: Texas specific laws

You don't want to meet Vince.

If you ride under the influence of alcohol, you'll have to deal with the police, your insurance company, and Vince. As you can see, Vince is not a particularly careful fellow. If his towing methods make you cringe, just wait till you see his bill.
