SUNSCREENING DEVICES

INSPECTION PROCEDURE FOR SUNSCREENING DEVICES
ON MOTOR VEHICLES

Glass coating or sunscreensing may not exceed downward below the AS-1 line;
or not more than 5 inches from top of the windshield.

At least 25% light transmission is required when checked with an approved testing device.

THESE WINDOWS ARE NOT AN INSPECTION ITEM.

THE REAR WINDOW IS NOT AN ITEM OF INSPECTION.
However, vehicles with less than 25% will require two outside mirrors.

EXEMPTIONS:

1. This inspection procedure does not apply to a vehicle that is used to transport passengers for a fee,
   (i.e., Taxi, Limousine, etc.)

2. This inspection procedure does not apply to a vehicle that is maintained by a law enforcement agency and used for law enforcement purposes.

3. For medical reasons an exemption is available for the driver or passenger with a physician’s written medical statement and a letter of authorization from the Department. An application by the individual seeking exemption accompanied with the physician’s written medical statement must be addressed to:
   Texas Department of Public Safety
   Regulatory Services Division, Compliance & Enforcement Service
   Window Tint Medical Exemption
   P. O. Box 4087
   Austin, Texas 78773-0543

The letter and/or certificate of authorization for the exemption from the Department of Public Safety must be presented for inspection. It is not a violation to sell or offer for sale a vehicle with uncertified window film.
