Nicholas Landuyt	Agency Liaison	Texas Commission on Environmental Quality
Stephen Cruz	Agency Liaison	Texas Commission on Environmental Quality

3. Minutes from June 18, 2025

The minutes of the previous meeting were unanimously approved as distributed.

4. Report from Regulatory Services Division

Service Director Ron Joy informed the committee that Assistant Chief Vanessa Mayo has a Promoted to the Chief Finance Officer at DPS.

Captain Mark Berry stated that the RTI Phase Two has rolled out in Dallas, Travis and Tarrant counties since the last meeting. Harris county will roll out in October which we give us coverage for all 17 counties.

Captain Berry added the static IP implementation is in place for all the public stations in 17 counties, and currently DPS is working with stations who are changing service providers to ensure that smooth transitions with minimal downtime and helping to certify static IP addresses for new stations entering the program. The combination of our triggers lock, phase two and static IP has reduced the volume of clean scanning across the state. This has also helped DPS to react quicker and track movement of emissions analyzers which has forced people who are constantly doing fraud to seek alternate methods. In addition, DPS is currently working with TCEQ to track and enact both administrative and criminal enforcement. Since June 18, 2025, for criminal enforcement there have been ten arrests, nine third degree felonies and six state jail felony charges.

Captain Berry concluded that DPS is prepared to accept instructor and station applications in January and hopefully begin inspections November 1, 2026.

5. Report from TCEQ

David Serrins stated TCEQ continues to work closely with DPS to develop and refine tools and systems intended to identify suspected emissions inspection fraud.

Mr. Serrins informed the committee that Sarah Thomas's appointment to the committee began yesterday, on September 16. Some of you already know Sarah as she was previously a member of the Mobile Source Programs Team at TCEQ. She is now a Technical Specialist in Air Quality Planning at the agency.

Mr. Serrins mentioned the rulemaking and State Implementation Plan revision to implement the changes required by the passage of HB 3297 and SB 2102 is on the agenda for the TCEQ's commissioners' agenda meeting on September 24, 2025.

In addition, on September 15, 2025, TCEQ posted a Request for Offer (RFO) for the Texas Information Management System (TIMS). The following is the announcement that went out:

**TEXAS COMMISSION ON ENVIRONMENTAL QUALITY
REQUEST FOR OFFER (RFO)
SOLICITATION ANNOUNCEMENT**

Texas Commission on Environmental Quality (TCEQ) has posted a Request for Offer which is listed as follows:

Solicitation Name: Texas Information Management System (TIMS)

Solicitation Number: 582-26-00018

Solicitation Due Date: October 14, 2025, at 3:00 PM (Central Time)

This Solicitation can be accessed through the Electronic State Business Daily web site located at <https://www.txsmartbuy.com/esbd>. * Google Chrome browser recommended.

At the web site, select "Solicitations". From the pulldown menu under "Agency/Texas SmartBuy Member Name" select **Tx Comm On Environ Quality - 582**. Under Status column from the pulldown menu select **Posted**, and enter the above Solicitation number, and then click on "Search" to access this solicitation.

There is a pre-solicitation conference on: September 22, 2025, at 9:00 AM (CT). Pre-Proposal Conferences are held virtually, using Microsoft Teams Town Hall Event. See Page 6 of solicitation for further details. The link for the Pre-Proposal Conference is provided below:

LINK: [Pre-Proposal Conference](#)

Pre-Proposal Conference is non-mandatory.

The deadline for questions and clarifications is September 26, 2025, at 3:00 PM (CT). Questions must be submitted in writing to: Procurements&Contracts@tceq.texas.gov. Telephone requests will not be accepted. All questions must be labeled with solicitation title, number, and due date. TCEQ has the sole discretion as to whether to respond to such questions.

If you have any questions or require assistance in accessing the ESBD web site, then please contact:
