

## Driver License Appointment and Office Wait Times

The estimates provided in this report are based on information from the previous business day.

The estimated number of days until the **next available appointment** do not include earlier appointments that may be available as a result of a customer canceling or rescheduling an appointment. Please note, all driver license office locations provide a limited number of walk-in appointments available on a first come first served basis. Appointments can be scheduled up to six months in advance. To schedule your appointment, or for additional information about availability and locations please visit <https://public.txdpsscheduler.com>.

The **office wait time** information provided for each location is an estimate of wait time from arrival at the office until the customer is called to a service counter. Wait times will vary by service/transaction type and office.

DL Office	Appointment Type	Estimated Appointment Availability in Days	Average In Office Wait in Hours and Minutes
Abilene	CDL Renewal	132	00:12
