November 20, 2023

Honorable Greg Abbott, Governor
Honorable Glenn Hegar, Texas Comptroller
Jerry McGinty, Director, Legislative Budget Board
Lisa Collier, CPA, First Assistant State Auditor

Ladies and Gentlemen:

We are pleased to submit the Annual Financial Report of the Texas Department of Public Safety for the year ended August 31, 2023, in compliance with TEX. GOV'T CODE ANN §2101.011, and in accordance with the requirements established by the Comptroller of Public Accounts.

Due to the statewide requirements embedded in Governmental Accounting Standards Board Statement No. 34, Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments, the Comptroller of Public Accounts does not require the accompanying annual financial report to comply with all the requirements in this statement. The financial report will be considered for audit by the State Auditor as part of the audit of the State of Texas Comprehensive Annual Financial Report; therefore, an opinion has not been expressed on the financial statements and related information contained in this report.

Please contact Katrina Burch at (512) 424-7998 or Michelle McInnis at (512) 462-6169 for any questions.

Sincerely,

A handwritten signature in black ink that reads "Steven C. McCraw".

Note 1: Summary of Significant Accounting Policies

Entity

The Texas Department of Public Safety is an agency of the State of Texas, and its financial records comply with state statutes and regulations. This includes compliance with the Texas Comptroller of Public Accounts' Reporting Requirements for State Agencies.

The Department of Public Safety was created under the provisions of S.B. 146, 44th Legislature, Regular Session (1935), which incorporated the Texas Rangers and the State Highway Patrol into a new department. The principal objectives of the Department are to protect the life, rights, privileges, and well-being of the people of Texas.

Due to the statewide requirements embedded in Governmental Accounting Standards Board Statement No. 34, *Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments*, the Comptroller of Public Accounts does not require the accompanying annual financial report to comply with all the requirements in this statement. The financial report will be considered for audit by the State Auditor as part of the audit of the State of Texas Comprehensive Annual Financial Report; therefore, an opinion has not been expressed on the financial statements and related information contained in this report.

Blended Component Units: No component units have been identified which should have been blended into an appropriate fund.

Fund Structure

The accompanying financial statements are presented on the basis of funds, each of which is considered a separate accounting entity.

Governmental Fund Types & Government-wide Adjustment Fund Types

General Fund: The general fund is the principal operating fund used to account for most of the state's general activities. It accounts for all financial resources except those accounted for in other funds. The funds and purpose are listed **below**:

Fund 0036 - Texas Department of Insurance Operating – This fund was created to receive money from taxes and fees as required by the Insurance Code and money received by the Board from sales, reimbursements and fees authorized by other statutes.

Fund 0092 - Federal Disaster Fund is part of the General Revenue Fund. Fund 0092 was established to receive state and federal revenue which is used to pay for Emergency Management related activities. The account administrator of this fund was moved by H.B. 2794 and S.B. 799, 86th Leg., R.S. to the Texas Division of Emergency Management (TDEM) from the Department of Public Safety. The bill created TDEM as a service agency of the Texas A&M University System.

Fund 0099 - Operator & Chauffeur License Fund - This fund was created to receive federal funds and other authorized revenue. Since fiscal year 2015 DPS remains the controlling agency but does not have authority to spend out of this fund.

Fund 0221 - Federal Civil Defense & Disaster Relief Fund - This fund was created to hold federal funds appropriated to support the organization and coordination of a program of civil defense and disaster relief.

Fund 0222 - Department of Public Safety Federal Fund - This fund was created to receive federal funds for use in accordance with the "Federal Emergency Planning Program" and other Federal programs.

Fund 0325 – Coronavirus Relief Fund - Established outside the General Revenue Fund to receive Texas' share of federal money appropriated under various federal legislation related to the coronavirus pandemic.

Fund 0501 - Motorcycle Education Fund - This fund was created to receive \$5 of each Class M license renewal fee. Funds may be used to defray the costs of administering the motorcycle operation training and safety program. Starting with FY21, this fund and the motorcycle education program was moved to the Texas Department of Licensing and Regulation (TDLR) by S.B. 616, 86th legislature. DPS will continue to collect the fee and transfer the funds monthly to TDLR.

Fund 0599 - Economic Stabilization Fund - To receive transfer of one-half of any unencumbered positive balance in the General Revenue Fund (0001) on the last day of the preceding biennium and an amount equal to 75 percent of excess oil and gas production taxes received in FY 1987 and any other money appropriated to the fund by the legislature.

Fund 5010 – Sexual Assault Program – This appropriated fund receives fees collected from sexually oriented businesses. Amounts in the account may only be appropriated to the Attorney General, Department of State Health Services, UT Austin, Texas State University, Governor's Office, Department of Public Safety, Comptroller Judiciary, Department of Criminal Justice, Juvenile Justice Department, Comptroller and Supreme Court for uses specified in law. Primarily for grants to such programs as: sexual violence awareness and prevention campaigns; victims of human trafficking; sexual assault nurse examiner programs; increase the level of sexual assault services in this state; victim assistance coordinators; and technology in rape crisis centers.

Fund 5013 - Breath Alcohol Testing Fund - This account was created in General Revenue to receive court costs from defendants convicted under the Penal Code.

Fund 5153 - Emergency Radio Infrastructure Fund - Fees are deposited in the account as provided by Section 133.102(e) (11), Local Government Code. The account administrator changed from Department of Public Safety to the Governor's Office by H.B. 2952, 86th Leg., R.S

Fund 5185- DNA Testing – This fund was created to receive court costs from defendants convicted under certain sections of the Penal Code. Defendants convicted of a felony pay \$133, defendants convicted of a Class A or B misdemeanor pay \$83 and defendants convicted of a non-jailable offense pay \$40. This account receives 0.1394% of total collections.

Fund 5186 – Transportation Administrative Fee – This fund was created to receive court costs from defendants convicted under certain sections of the Penal Code. Defendants convicted of a felony pay \$133, defendants convicted of a Class A or B misdemeanor pay \$83 and defendants convicted of a non-jailable offense pay \$40. This account receives 4.3363% of total collections.

Capital Projects Funds: These funds are used to finance construction of new DPS buildings and Crime lab facilities in various state locations.

Fund 7629 - T.P.F.A. G.O. Commercial Paper Series 2008 DPS Project 1A Fund - The purpose of this fund is to deposit proceeds from the sale of bonds (except accrued interest) and investment earnings. To be used to pay cost of issuance and project costs as defined in the bond resolution.

Fund 7656 - T.P.F.A. G.O. Commercial Paper Series 2008 DPS Project 1C Fund - The purpose of this

fund is to deposit proceeds from the sale of bonds (except accrued interest) and investment earnings. To be used to pay cost of issuance and project costs as defined in the bond resolution.

Fiduciary Fund Types

Fiduciary funds account for assets held by the state in a trustee capacity or as an agent for individuals, private organizations, other governmental units, and/or other funds. When assets are held under the terms of a formal trust agreement, either a pension trust fund, or a private purpose trust fund is used.

Agency Funds: Agency funds are used to account for assets the government holds on behalf of others in a purely custodial capacity. Agency funds involve only the receipt, temporary investment, and remittance of fiduciary resources to individuals, private organizations, or other governments.

Basis of Accounting

The basis of accounting determines when revenues and expenditures or expenses are recognized in the accounts reported in the financial statements. The accounting and financial reporting treatment applied to a fund is determined by its measurement focus.

Governmental fund types that build the fund financial statements are accounted for using the modified accrual basis of accounting. Under the modified accrual basis, revenues are recognized in the period in which they become both measurable and available to finance operations of the fiscal year or liquidate liabilities existing at fiscal year-end. The State of Texas considers receivables collected within sixty days after year-end to be available and recognizes them as revenues of the current year for Fund Financial Statements prepared on the modified accrual basis. Expenditures and other uses of financial resources are recognized when the related liability is incurred.

Governmental adjustment fund types that will build the government-wide financial statements are accounted for using the full accrual basis of accounting. This includes capital assets, accumulated depreciation, unpaid Employee Compensable leave, the unmatured debt service (principal and interest) on general long-term liabilities, long-term capital leases, long-term claims and judgments and full accrual revenues and expenses. The activity will be recognized in these fund types.

Budgets and Budgetary Accounting

The budget is prepared biennially and represents appropriations authorized by the legislature and approved by the Governor (the General Appropriations Act).

Unencumbered appropriations are generally subject to lapse 60 days after the end of the fiscal year for which they were appropriated.

Assets, Liabilities, and Fund Balances/Net Assets

Assets

Cash and Cash Equivalents: Short-term highly liquid investments with an original maturity of three months or less are considered cash equivalents.

Inventories and Prepaid Items: Inventories include both merchandise inventories on hand for sale and consumable inventories. Inventories are valued at cost generally utilizing the last-in, first-out method.

The consumption method of accounting is used to account for inventories and prepaid items that appear in the governmental and proprietary fund types. The cost of these items is expensed when the items are consumed.

Capital Assets: Assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year should be capitalized. These assets are capitalized at cost or, if not purchased, at appraised fair value as of the date of acquisition. Purchases of assets by governmental funds are reported as expenditures. Depreciation is reported on all “exhaustible” assets. “Inexhaustible” assets such as works of art and historical treasures are not depreciated. Road and highway infrastructure is reported on the modified basis. Assets are depreciated over the estimated useful life of the asset using the straight-line method.

Current Receivables - Other: Other receivables include year-end revenue accruals. This account can appear in governmental and proprietary fund types.

Liabilities

Accounts Payable: Accounts Payable represents the liability for the value of assets or services received at the balance sheet date for which payment is pending.

Current Payables - Other: Payables are the accrual at year-end of expenditure transactions. Payables may be included in either the governmental or proprietary fund types.

Employees’ Compensable Leave Balances: Employees’ Compensable Leave Balances represent the liability that becomes “due” upon the occurrence of relevant events such as resignations, retirements, and uses of leave balances by covered employees. Liabilities are reported separately as either current or non-current in the statement of net assets.

Fund Balance / Net Assets

The difference between fund assets and liabilities is ‘Net Assets’ on the government-wide, proprietary, and fiduciary fund statements, and the ‘Fund Balance’ is the difference between fund assets and liabilities on the governmental fund statements.

Fund Balance Components: Fund balances for governmental funds are classified as non-spendable, restricted, committed, assigned or unassigned in the fund financial statements.

- Non-spendable fund balance includes amounts not available to be spent because they are either (1) not in spendable form or (2) legally or contractually required to be maintained intact.
- Restricted fund balance includes those resources that have constraints placed on their use through external parties or by law through constitutional provisions.
- Committed fund balance can be used only for specific purposes pursuant to constraints imposed by a formal action of the Texas Legislature, the state’s highest level of decision-making authority.
- Assigned fund balance includes amounts constrained by the state’s intent to be used for specific purposes but are neither restricted nor committed. Intent is expressed by (1) the Texas Legislature or (2) a body (for example, a budget or finance committee) or official to which the governing body has delegated the authority to assign amounts to be used for specific purposes.

- Unassigned fund balance is the residual classification for the general fund. This classification represents fund balance that was not assigned to other funds and was not restricted, committed, or assigned to specific purposes within the general fund.

Invested In Capital Assets, Net of Related Debt: Invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation and reduced by outstanding balances for bond, notes and other debt that are attributed to the acquisition, construction, or improvement of those assets.

Restricted Net Assets: Restricted net assets result when constraints placed on net asset use are either externally imposed by creditors, grantors, contributors and the like or imposed by law through constitutional provisions or enabling legislation.

Unrestricted Net Assets: Unrestricted net assets consist of net assets that do not meet the definition of the two preceding categories. Unrestricted net assets often have constraints on resources, which are imposed by management but can be removed or modified

Interfund Activities and Balances

The agency has the following types of transactions between funds:

Transfers: Legally required transfers that are reported when incurred as ‘Transfers In’ by the recipient fund and as ‘Transfers Out’ by the disbursing fund.

Reimbursements: Reimbursements are repayments from funds responsible for expenditures or expenses to funds that made the actual payment. Reimbursements of expenditures made by one fund for another that are recorded as expenditures in the reimbursing fund and as a reduction of expenditures in the reimbursed fund. Reimbursements are not displayed in financial statements.

Interfund Receivables and Payables: Interfund loans are reported as interfund receivables and payables. If repayment is due during the current year or soon thereafter it is classified as “Current”, repayment for two (or more) years is classified as “Non-Current”.

Interfund Sales and Purchases: Charges or collections for services rendered by one fund to another that are recorded as revenues of the recipient fund and expenditures or expenses of the disbursing fund.

Employees' Compensable Leave

A state employee is entitled to be paid for all unused vacation time accrued, in the event of the employee's resignation, dismissal, or separation from State employment, provided the employee has had continuous employment with the State for six months. Expenditures for accumulated annual leave balances are recognized in the period paid or taken in governmental fund types. For these fund types, the liability for unpaid benefits is recorded in the Statement of Net Assets. An expense and liability for proprietary fund types are recorded in the proprietary funds as the benefits accrue to employees. No liability is recorded for non-vesting accumulating rights to receive sick pay benefits.

Pollution Remediation Obligations

The Agency is responsible for: the maintenance of DPS state owned underground storage tanks and is currently managing eight sites; conducting mold and lead remediation at the North Lamar and Florence shooting ranges; the cleanup and preventative measures for the protection of Waller Creek; asbestos abatement in DPS state owned offices; and managing chemical spill sites.

Under the Texas Sunset Act, the Agency will be abolished effective September 1, 2031, unless continued in existence by the Legislature as provided by the Act. If abolished, the agency may continue until September 1, 2032, to close out its operations.

Note 14: Adjustments to Fund Balances/Net Assets

During FY 2023, adjustments were made which required the restatement of the amounts in fund balances and fund equity as shown below:

- a. Capital Assets related error corrections
- b. Error correction
- c. Disaster Expenses not Previously Reported

	Capital Assets	Fund 0001*
Fund Balance August 31,2022	\$477,447,669.92	\$519,270,535.40
Restatements		(\$153,604.20)

c. Reimbursements for Previously Reported Disaster Expenses		
Fund Balance September 1, 2022 as Restated	\$469,533,751.75	\$519,116,931.20

*Fund 0001, August 31, 2022, Fund Balance is different from FY22's Exhibit A-2 ending balance due to the Comptroller of Public Accounts processing entries after November 20th to correct DPS' GR Reconciliation Balances.

Note 15: Contingent Liabilities

Unpaid Claims and Lawsuits

Unpaid claims totaled \$19,397.73 as of August 31, 2023. These miscellaneous claims were set up as liabilities. (Please see note 5.)

As of August 31, 2023, The Texas Department of Public Safety or employees of the Texas Department of Public Safety sued on behalf of their official acts were named defendants in 61 new lawsuits. These included suits arising from tort claims, civil rights, wrongful death, and third-party claims. The monetary range of potential damages claimed against the Department range from \$0 (i.e., injunctive relief only sought) to greater than \$1,000,000.00. Some cases are clearly frivolous in nature. Adverse judgment of suits determined valid could result in liabilities to the Department, but based on prior experience, it is unlikely that the outcome for these claims will materially affect the financial position of the Department. It is anticipated that any resulting judgments of consequence would be presented to a forthcoming session of the legislature for its consideration as to method of funding.

Federal Assistance

The Department has received several federal grants for specific purposes that are subject to review and audit by the grantor agencies. Such audits could lead to a request for reimbursements from grantor agencies for expenditures disallowed under the terms of the grant. Based on prior experience, management believes such disallowances, if any, will be immaterial.

Under the Texas Sunset Act, the Agency will be abolished effective September 1, 2031, unless continued in existence by the Legislature as provided by the Act. If abolished, the agency may continue until September 1, 2032, to close out its operations.

Note 17: Risk Management

DPS is exposed to a variety of civil claims resulting from the performance of its duties. It is agency policy to periodically assess the proper combination of commercial insurance and retention of risk to cover losses to which it may be exposed.

The agency assumes substantially all risks associated with tort and liability claims due to the performance of its duties. Currently there is no purchase of commercial insurance nor is the agency involved in any risk pools with other government entities.

The agency's liabilities are reported when it is both probable that a loss has occurred, and the amount of that loss can be reasonably estimated. Liabilities include an amount for claims that have been incurred but not reported. Liabilities are reevaluated periodically to consider current settlements, frequency of claims, past experience and economic factors. There were no significant reductions in insurance coverage in the past year and losses did not exceed funding arrangements during the past three years. Changes in the balances of the agency's claims liabilities during fiscal 2022 and 2023 were:

	Beginning Balance	Increases	Decreases	Ending Balance
2023	\$ 171,228.71	\$2,427,819.03	\$2,579,650.01	\$19,397.73
2022	\$ -	\$1,916,539.81	\$1,745,311.10	\$171,228.71

Please note that in any given fiscal year the Department enters into numerous financial settlement agreements resulting from lawsuits and claims filed against the Department. Importantly, there are numerous factors that impact the Department’s total settlement figure for lawsuits and claims that are completely outside the Department’s control, consequently the disparity of the total financial settlements paid may vary significantly from one fiscal year to the next.

Note 18: Management Discussion & Analysis

DPS had two notable items for FY 2023:

Operation Lonestar - In March 2021, Governor Greg Abbott initiated Operation Lone Star to address the surge that continues to worsen at the Texas / Mexico border. The operation integrates DPS with the Texas National Guard, including air, ground, marine and tactical security assets, along the border to combat the smuggling of people and drugs into Texas. The agency received grant funds in FY 2021 from the Governor’s Office to pay for overtime, fuel, and travel for the commissioned officers deployed to the border. The Legislature appropriated \$133,506,725 in House Bill 9, Second Called Session in FY 2021 for use during FY 2022 and FY 2023. The 88th Legislature provided an additional \$47,300,000 in supplemental appropriations for FY 2023. DPS has continued its operations at the border until further direction from the Governor.

DPS started assisting the Austin Police Department in March 2023 by request through the creation of the Austin Violent Crimes Task Force (AVCTF). The AVCTF is a partnership with the City of Austin Police Department created to increase public safety while the city attempts to build back and build up the police department. The Task Force is composed of troopers, special agents, and intelligence-level policing. The initiative has significantly reduced violent crime as well as the amount of 911 calls and the amount of time it takes officers to respond to the calls. This effort is ongoing and has resulted in additional costs of overtime and travel.

Confiscated/Entrusted Property

Confiscated/Entrusted Property represents assets held by the Department as the result of criminal investigations or stolen assets recovered by the Department. Those seized assets are held in the custody of the Department at the request of various courts in the State until court decisions have been made. At the time of the decisions, the property will either be returned to the defendant or awarded to the State, county, or federal government. Stolen assets recovered by the Department are held until positive identification is made and those items can be returned to the rightful owner.

Confiscated/Entrusted Property may consist of cash, foreign currency, automobiles, airplanes, weapons, precious metals and various other assets of value and is maintained throughout the State in Department-secured locations.

On August 31, 2023, a physical count of the property was performed. U.S. monetary assets are recorded in Agency Funds. The values of the other confiscated assets cannot be readily determined and are disclosed only by type as listed above.

SCHEDULE 1A – SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS *continued*
 For the Fiscal Year Ended August 31, 2023

Note 1 – Non-Monetary Assistance

DPS did not receive personal property as part of the General Service Administration donation of the Federal Surplus Program (ALN 39.003) from Texas Facilities Commission (Agency 303), for fiscal year 2023.

Note 2 – Reconciliation

Below is a reconciliation of the total of federal pass-through and federal expenditures as reported on the Schedule of Federal Financial Assistance to the total of federal revenues and federal grant pass-through revenues as reported in the general-purpose financial statement. Generally, federal funds are not earned until expended; therefore, federal revenues equal federal expenditures for the reporting period.

Per Combined Governmental Operating Statement/Statement of Activities and Proprietary Statement of Changes in Revenues, Expenses and Net Assets
